## Dear Editor:

I have been meaning to write you for some time but am only now getting an opportunity to do so. I wanted to offer my appreciation for your new format, and for your having featured Mr. Graylin Thornton, Mr. Drummer 1993, both on your cover and in those incredible inside spreads, in Drummer #174. It goes without saying that Graylin Thornton is an incredibly beautiful, sexy man, who deserved to be crowned Mr. Drummer, among other things(!). I think his spread was the hottest I have seen thus far in an issue of Drummer. It was also delightful to read his editorial "Slavery of Words" which I enjoyed a great deal as well.

There were, however, some points that I did not fully comprehend, such as when he spoke of being "proud, though not so politically correct to be considered 'black.'" To my thinking, the two, being proud of one's multiple heritage (I too am of multiple heritage) and being considered "black" (I consider myself black/African American) are not mutually exclusive or incommensurate, nor should one consider the appellation "black" "politically correct" in a negative sense. In fact, they complement each other marvelously, as the first expresses an ontological reality and the second affirms a transglobal political solidarity, and both help to deconstruct the politically damaging, historically oppressive, externally imposed categories that have been used to subjugate all peoples of color both in this country and across the globe.

All the same, I don't want to quibble with Graylin Thornton's statements (I'm sure he could convince me!), but rather express my profound gratitude at his beauty, eloquence and courage. Although I am not a leatherman myself,

I am quite appreciative of the leather lifestyle, and feel that men like Mr. Thornton set a very positive, inspiring example for all lesbians and gay men, especially those of us who are of African American descent, by being outspoken, out front, and just out. Here's to hoping that Drummer recognizes this more in the future, and realizes this by featuring Graylin Thornton again, as well as other sexy black, Latino and Asian leathermen, in your fine publication in the future.

More power to Graylin Thornton, and keep up the good work!

Sincerely yours,  
John R. Keene

## Dear Drummer Reader,

SAY NO TO THE SEX POLICE!!! I am writing to you with a personal appeal for the NLA Spanner Defense & Education Fund, a not-for-profit, international incorporation—This fundraising effort is for a very crucial human rights case that is pivotal to the continued existence of our community. Though taking place in England, this case has potentially severe consequences for those of us worldwide who value the freedom to sexually express ourselves through the leather/SM/fetish lifestyle. Many of you are aware of this case, and indeed have already greatly contributed both time and dollars. Yet, there is value in getting the word out again, so I will briefly outline the Spanner case below.

Spanner was the code word the London police used during the stakeout and subsequent raid of what they thought was a "snuff film ring." They, in fact, raided a private SM party between consenting adults. Of the sixteen gay leathermen arrested, all were charged with assault. However, the English court system refused to consider the key issue of consent (a vital part of our leather play credo of safe, sane, consensual), except where it justified their ends. The court even convicted the bottoms of aiding and abetting (read "consenting to") this "assault." Overturning this decision has failed for the defendants through the entire English court system. The case has now progressed to the European Court of Human Rights in Strasbourg where, fortunately, the high court has consented to hear the appeal saying that there was a lack of "evidence of risk to health or danger to morals" and that "these acts were wholly private." (UPI)

Legal defense fees for the Spanner case are estimated to be \$160,000. Therefore, I most strongly urge you to

contribute what you can to the legal assistance fund for our Leather brothers in England. Since US law often bases itself upon British precedents, Spanner may be our last opportunity to defend our rights of privacy and personal choice. This is especially important, considering the continual onslaught of the religious right against the gay equal rights movement and a conservative Congress that is seeking to impose its version of "morals" upon our own leather tribal values.

The NLA Spanner Defense & Education Fund has already forwarded over \$32,000 to assist with Spanner legal defense fees, collected by many groups in the United States and Australia during the past year. However, the Spanner defendants still have a long court battle and escalating legal expenses ahead of them. Please Send A Donation! Checks should be made payable to "Countdown on Spanner" and forwarded to Rob Grover; Countdown on Spanner; c/o Central Station; 37 Wharfedale Road; London N1 9SE England Thank you.

Joe Morris

## Dear Editor,

Thank you for addressing an issue that I have found to be an indispensable part of my leather relationships. That issue is intimacy (Off The Top\* Editorial by Marcus Jay-Wonacott, Issue 181). Unfortunately, it is something that we hear (and experience) too little of.

In the Dallas area, I am fortunate to be involved with a leather organization that serves the interests and needs of the "whole" leather person. This organization, Shouts In The Wilderness Leather Circle, goes beyond educational, social and political efforts by also serving the spiritual and personal support needs of the leather community. The Shouts celebrate a level of intimacy that I have not experienced anywhere within our leather community. I truly hope that this more complete approach to living within the leather lifestyle can soon become much less of a rarity within our community. I truly believe that, if such intimacy was attempted, much of the dysfunction that seems to be so deeply rooted in the leather community would begin to disappear. And, at that point, a proud and authentic sense of community would be ours.

With hope,  
Jackson Myers

## Overdue... BUT NOT FORGOTTEN

by Dyrk

I've been a very, very bad boy and I should be spanked for not reviewing the following material before now. But in my feeble defense, I must say that the video producers and writers out there are very prolific, not to mention creative.

Take one of the newer guys on the production scene, Shotgun. My friend Donald would probably like for me to star in his next torture video (not because I'm God's gift to anyone but simply for revenge in my taking so long to review his work).

His first two videos, *Torture By Numbers* and *Nut Crackers' Ball*, had me squirming in my seat and cringing between the throbbing of my cock.

*Torture By Numbers* starts off a little like *Star Wars* with a message: the end of the cold war creating a need in our society for a new enemy. Of course, he isn't off base as he goes on to point out that the religious right has chosen subversives like us (among others) to be the enemy. I appreciate this kind of message prior to viewing a hot video because it serves as a gentle reminder about the delicate nature of our freedom and gets my testosterone pumping!

Anyway, back to the video. Dave North and Roger of San Francisco are two well-muscled, mature men with body hair and facial hair and a sexy and safe attitude that made my dick stir just watching them as they set up their card game — Dave draws from one pile to find out what Roger will do to his nuts, then draws from another pile to see how

# DrumMedia

BUCKETS OF FUN IN CAR WASH HOSE OUT.

many times and how hard.

Now, I have it under good authority that Dave is a happily (okay, near happily) married straight man who just doesn't have the balls to ask his little lady to start punching his nuts til he screams.

And guess what? The two of them return in Nut Crackers' Ball joined by Rob Camma for more ball crushing, pulling, electrifying, suspension, and all around pain endurance.

Both are torturous, loving and somewhat comedic. If the thought of ball torture is making you drip, then these videos are the place to start, but some advice before you get started. Don't try this at home unless you are with an experienced Top, and turn the volume down so the neighbors don't call the police thinking you are in the process of killing someone.

## THE CHALLENGER FALLS

Have you ever wanted to see what would happen between a couple of those professional wrestlers if the audience wasn't present and most of the glitz was washed off? You'd have Sexfights 10:

Ringmeisters by BG East Wrestling starring the Brooklyn Body Wrecker, Donnie Russo and the challenger Yves La Rocque.

Imagine if you will the stereotypical tough guy from Brooklyn and you've got the "BBW" as he likes to call himself. He struts around and talks about the ugly challenger who wants to take away his title. Throughout this video there is a lot of verbal abuse, posing, punching, spitting, licking, and contorting. Unfortunately for Yves, he's on the receiving end of most of the action.

So as you can probably guess, the "BBW" wins his wrestling match with the challenger and marks him by shaving a big "X" on his torso.

Next, he is turned over to Russo, who takes the defeated Yves and works

him over some more.

I personally don't get why Russo and the "BBW" think Yves La Rocque is anything but handsome. Actually I wouldn't have minded kissing poor Yves all over to try and make him feel all better.

## MARATHON MADNESS — AS PROMISED

In the last issue of Drummer I promised to review several of the Bolton Jones releases along with some Close Up productions. So let's get to it.

Russo's back, and this time it's on a quest to retrieve some stolen jewels from a wee country lad in The Interrogation, a Steve Johnson

Video, which also stars Steve Lipariti and Mike Mills.

As Russo and his accomplice are driving down the country road in search of the thief's hide-out, the thief hears them coming and hides in the utility barn before trying to make a run for it. You don't need to be a rocket scientist to figure out the perpetrator gets caught and interrogated. But no matter how much roughing up he gets, the kid just

isn't talking.

Russo and his buddy rip off the kids clothes, drag him back to the barn, shovel some dirt on him, chain him up and pull his chest hairs out one by one. They even shave him, and of course smack him a lot, even squish his lips (you'll have to see it) before they decide to start the sucking, dildo action and fucking.

Also from Close Up is a Rick Bolton video starring Alvin Eros, Where Boy, A.J. Strykes and Kevin Cox called Car Wash Hose Out. A playful car wash with some of my favorite studs gets them all wet and they are com-

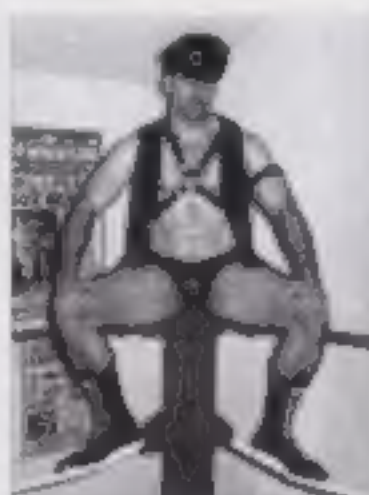

pelled to strip down in order to avoid catching a cold or something.

They get right down to some fun sucking and fucking before they even think about using their hoses to provide enemas for nearly everybody. At one point, they suggest that a reluctant voider has taken so much up his ass without releasing it that the water pressure in his butt could rinse the rest of the vehicle clean (of course, you and I know better).

All in all, Car Wash Hose Out has some great fuck scenes and lots of en-

# On your knees, boy!

**I said, get down on your knees, boy! Good boy. Now, boy, I want you to take a pencil and fill out this order form for the all-new RoB catalog. I'm going to give you one minute in which to obey me, boy, and if you haven't filled out this order form perfectly, then you know what's going to happen boy? Well, for starters I'm going to give your pussy-boy ass a walloping it won't soon forget. But more importantly, you're never gonna receive the newest and largest RoB catalog ever. The catalog that's bursting with the best selection of leather and rubber gear that any true slave would get an instant hard-on over. So you see, boy, if you don't fill this out, you're just never gonna get to suck on that new gag your Master was going to order to fill that pretty little scum-sucking mouth of yours. You'll also never get a chance to order those new leather chaps that you were going to get for your Master, and that means you'll never be able to clean them with your tongue like a good little groveling slave boy should. So, boy, why the fuck aren't you writing? I told you to fill this out NOW, boy! I mean it, you little shit. You've got only 30 more seconds. Do it **NOW!****

SLAVE FROM EUROPE IN BACKGROUND WHILE MASTER UDO WORKS OVER KEVIN COX'S COCK

erina action. And if you are a cum freak like me then you're gonna flip over the load Alvin squirts. This is one of Rick Bolton's better productions.

Next, our marathon takes us to the old country with *Captive Slaves From Europe* starring Udo, Thor and Jan Demeester as the masters and Gary Chris, Relax Jack, Rob Houghton and Ben Hooter as the slaves. Filmed at the Slutt Bar and Hook Bar in Rotterdam, Holland, you get to bone up on your German. I wish I knew even a hint of German to bone up on so I could better appreciate the masters' responses to the slaves' smart-ass remarks.

These guys are shaved and caged, verbally abused and then allowed to kick boots in order to earn the rights to have a sweet little mini-orgy with lots of kissing and dick sucking. There's even one really hot scene with one slave getting his asshole expanded ever so slightly.

Like the aforementioned video, *Slave From Berlin* is a collaborative production of Steve Johnson videos, Bob Jones Productions, Right Hand

Products and CJR Video. Also like the studs in *Captive Slaves From Europe*, the *Slave From Berlin* has a beautiful uncut cock attached to a handsome young thing named Heinrich Muller. Unlike the former, this video is shot on location in the San Francisco area.

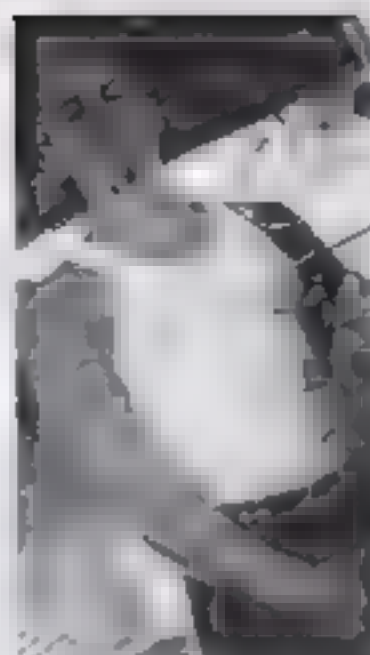

Master Udo generously demonstrates the delights of crotch punching and spiked outlets to masochistic Muller before going shopping at one of San Francisco's newest sex shops. The clerk ends up inviting the European duo to stop by his play space after work where Muller gets worked over even more. Udo uses a rubber mallet on Muller's swollen balls and one of those spiked pizza cutter things (what are they called?) that he bought at the shop earlier that afternoon.

The clerk, Kevin Cox, is not to be left out, so Master Udo attaches Cox's cock to a motorcycle with some spare tape and a desert at casing and chewing.

In addition to tit work, spanking, flogging and clamps, the highlight of this video is when Udo punches a big load of German boy cum out of Muller. Yummy!

Stick with me now, because we are *sexting* our cock again but not locations. *Electro Anal Kink II* by Bolton Jones finds super hunk Cougar Cash shopping in the same sex store for electric toys. Well, sparks fly between Cash and the store's helpful clerk Steve Pierce, and the next thing you know the store is closed up for a personal demonstration.

Pierce, aptly named for his two nipple rings and a P.A. (Prince Albert for you neophytes), has to abandon all sense of professionalism for a few moments while he and Cash

MY FANTASY MAN FROM STRAIGHT BOUND FOR PLEASURE.

he doesn't like the advances of foreman Furlong.

After a classic sexual harassment situation where Furlong explains Pierce's job description, we see tools going up his butt and more. My favorite scene is when Furlong and Whore Boy return from some errands to find Pierce's cock nailed to a floor board.

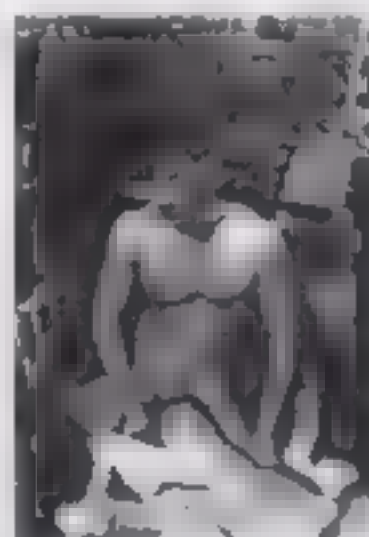

STEVE PIERCE IN STRAIGHT CONSTRUCTION SITE.

*Straight Bound For Pleasure* features more construction themes and got my mouth watering for the *rock-slaking* "straight" worker. This Latin-looking stud has a few tattoos, a met body, my ideal cock, and more! Okay, okay, enough of

my special likes.

So, my dream man shows up to work on some guy's house and the home

Seems harmless enough, except that another guy shows up and they end up sucking on my fantasy man's dick.

The stars in *Straight Bound For Pleasure* are Butch Hardon, David, and Bryan Kent. I just wish I knew who was who.

THE WHARFMEN

The best of this erotic movie marathon I've saved for last! And I must say that it pressed some buttons I forgot I had.

Bolton Jones and Russo Productions have teamed up with Steve Johnson on *The Wharfmen*, starring Danny Sommers, Hank Hightower, Randy White, Nick Hammer, Grant Larson and Tanner Reeves.

A customer complaint has co-workers turn on one another and makes Sommers the target for butt spanking.

probing and sniffing. I started to get real excited when they brought out a couple of bananas to use on Sommers, but I was disappointed that they only force fed them to him. Next, a cucumber is used as a dildo and put aside as Sommers is thrown out.

The next scene made me cum faster than I can write about it. All the prior action is watched by a another worker and he gets some kinky and aggressive ideas when one of his peers shows up. He tells the newcomer what he saw and he dares the guy to try to take the modest cucumber up his ass like Sommers did.

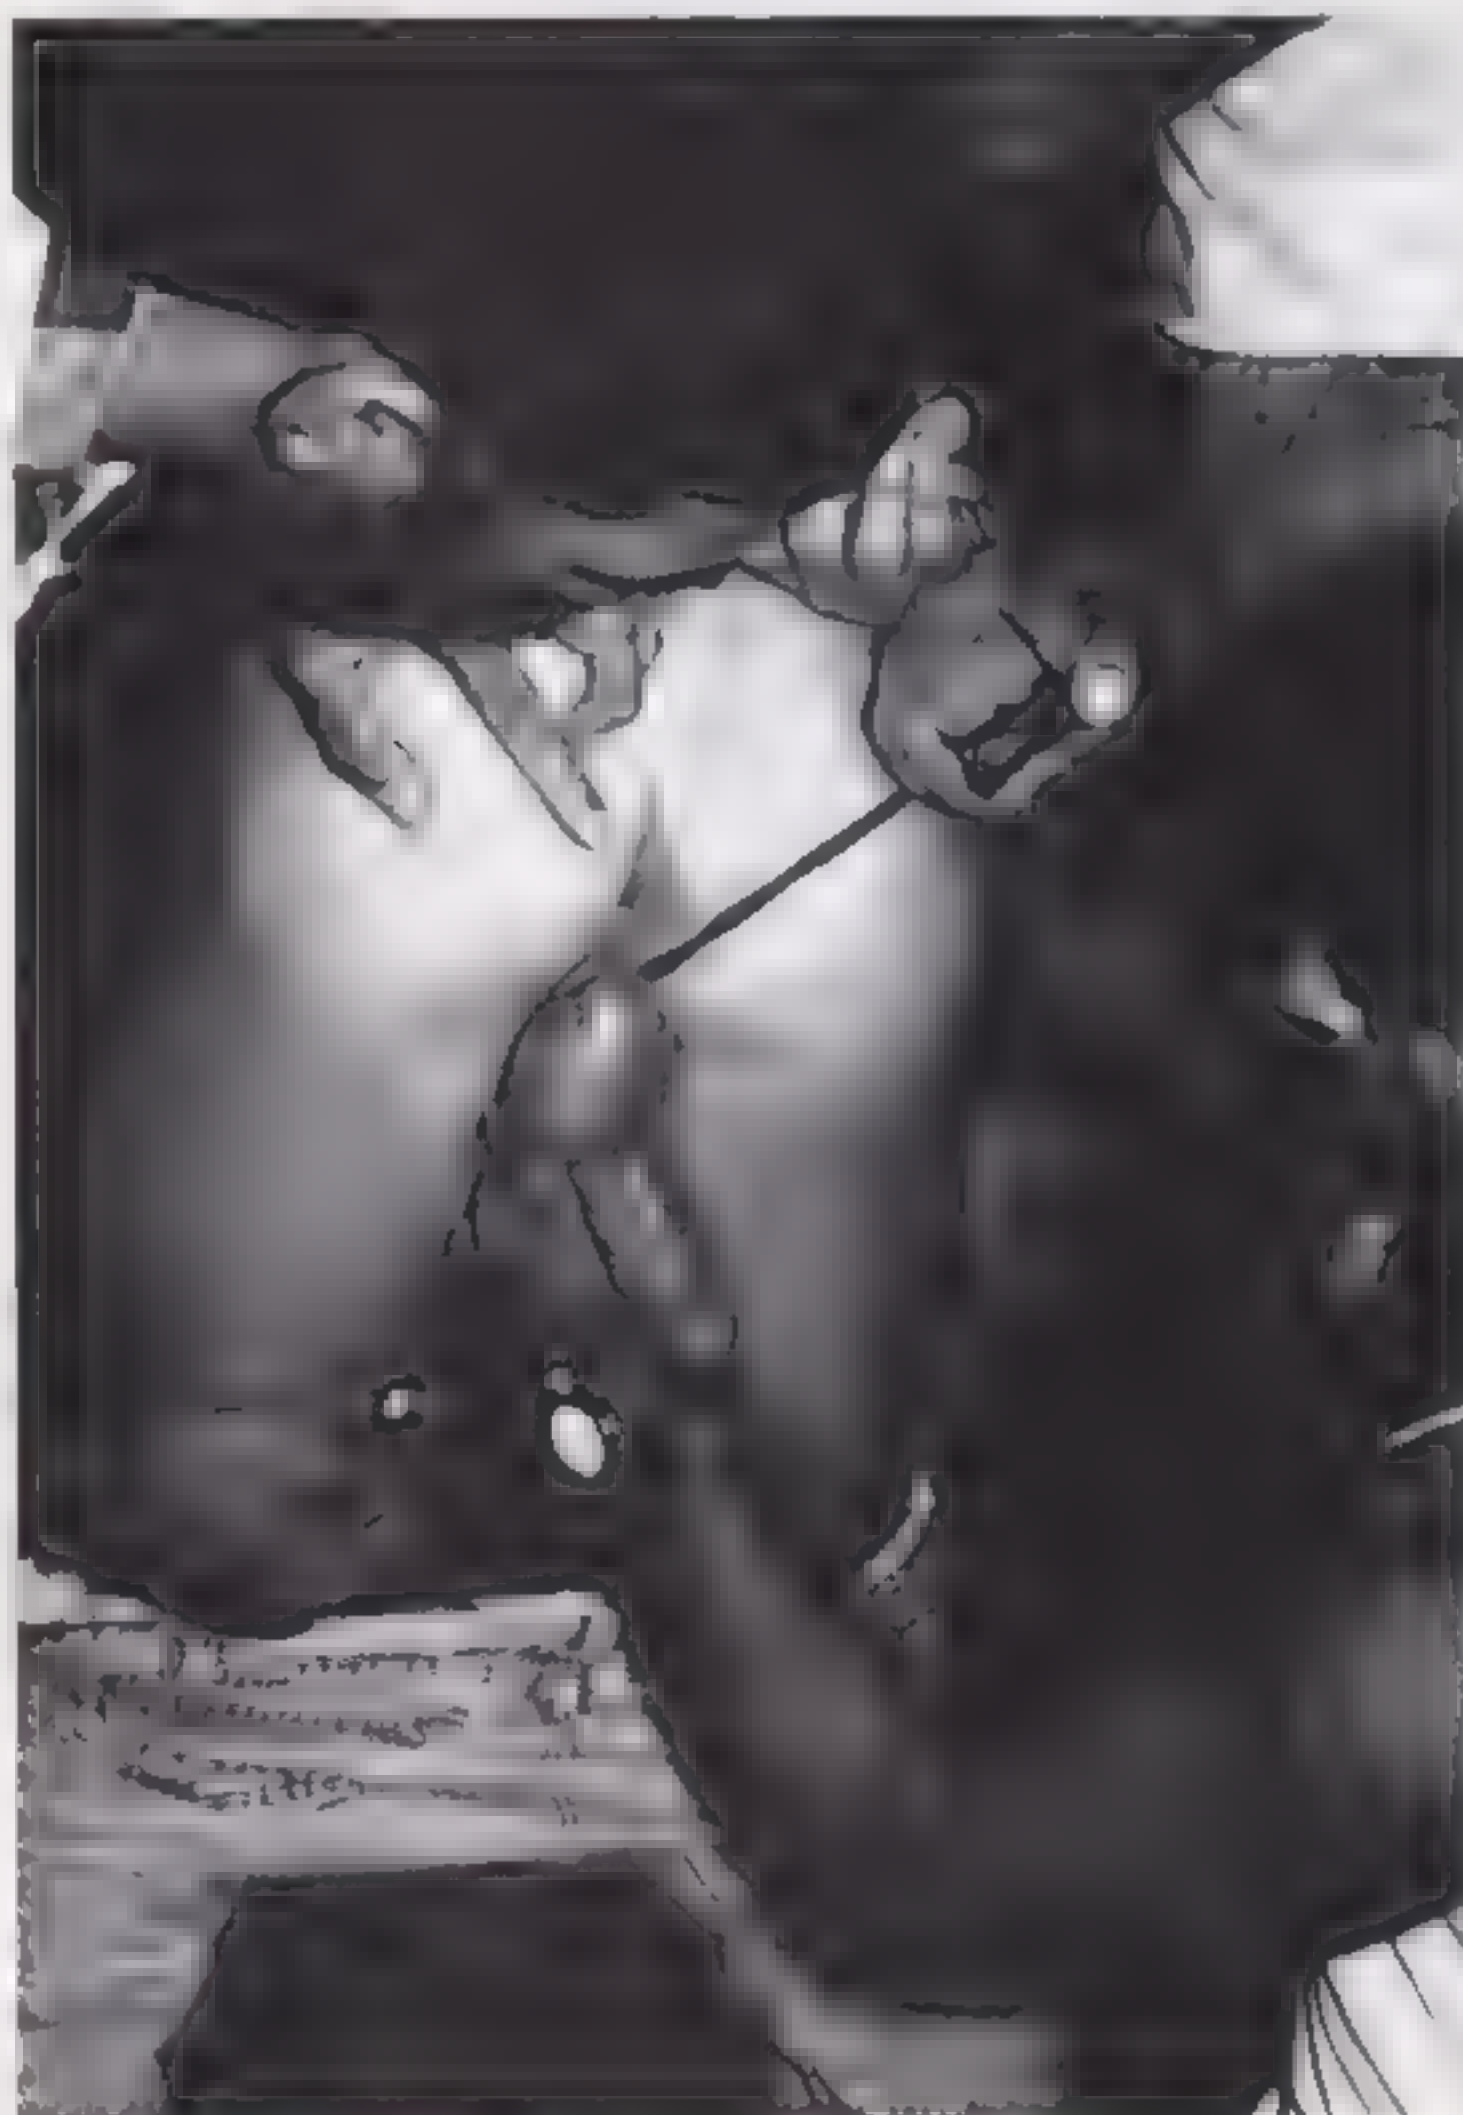

That's when it happens, my fantasy from long ago. The watcher shoves a peeled banana up the newcomer's bum just to lick it clean. Anal insertion takes on a whole new meaning as we watch this guy's ass smoke a cigarette.

Trust me on this one, you'll get some fun and twisted action.

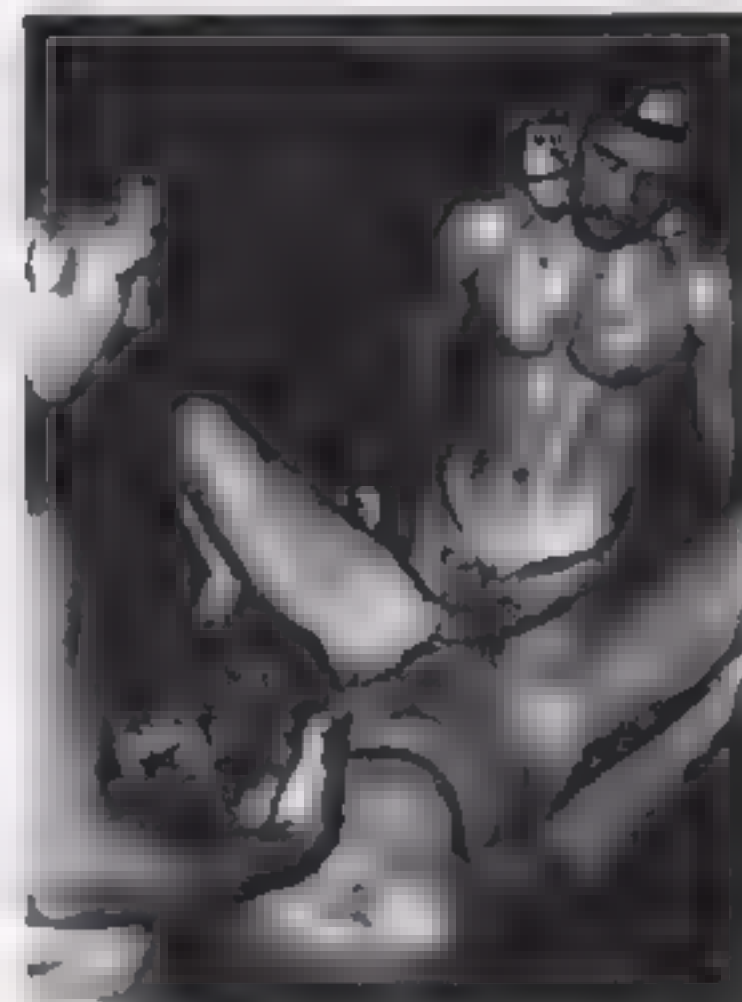

## STAY TUNED

I know I promised some comic illustrations for you this month, but I ran out of space. Next month you'll see this Chicago artist's work along with some more from Bolton Jones and Kink Video.

All the actors in this production are hot studs with nice bodies and great cocks. Some even have facial and body hair. ■

# TOM'S EROTIC LEGACY

The Tom of Finland Foundation reinforces a commitment to sexually explicit art of all persuasions.

By Sam Sanchez

In the late 1970's Durk Dehner, an advertising salesman for the Advocate, and Touko Laaksonen, a Finnish artist, started a mail order business offering a set of erotic illustrations created by Laaksonen under his professional name, Tom of Finland. Needless to say, the merchandise sold out. Dehner and Laaksonen went on to become very successful partners. "The mail order business did a good job of handling Tom's commercial needs," recalls Dehner "but eventually we needed an organization to focus on the artist's needs."

The non-profit organization that came into being from that seed of an idea is the Tom of Finland Foundation. In its first years, the Foundation had two main purposes: to catalog and preserve the thousands of drawings created by Tom of Finland, and secondly, to establish the artist's reputation within the larger world of art. Dehner, who now serves as a president of the Foundation's board of directors, says that with a legitimate foundation in place, Tom's work gets more respect from libraries, galleries and museums.

Thanks largely to the Foundation's efforts, Tom of Finland's drawings have been featured in galleries around the world. The artist's popularity is further evidenced by the prices his work fetched when Robert Mapplethorpe's collection of Tom's original work went on the block at the prestigious Christie's auction house in New York City.

The Foundation's archives include about 1,000 Tom of Finland originals. About 100 of those are from the collection of Bob Mizer of the Athletic Model Guild, the first publication to publish Tom's drawings in the 1960's. Another large trove of works was donated by the artist himself. Restoration has been a big part of the Foundation's work. Many of the older artworks were in such bad shape that without conservation treatment they would become too brittle to handle. Over the years, the Foundation published two retrospectives of Tom's work, both sold out almost immediately.

Before Laaksonen died in 1991, he decided to do something about the obstacles erotic artists face because of societal taboos. With the ever-present Dehner at his side, Laaksonen transformed the Tom of Finland Foundation into a repository and preserver of works by erotic artists of all sexual persuasions. Dehner says the Foundation's archives

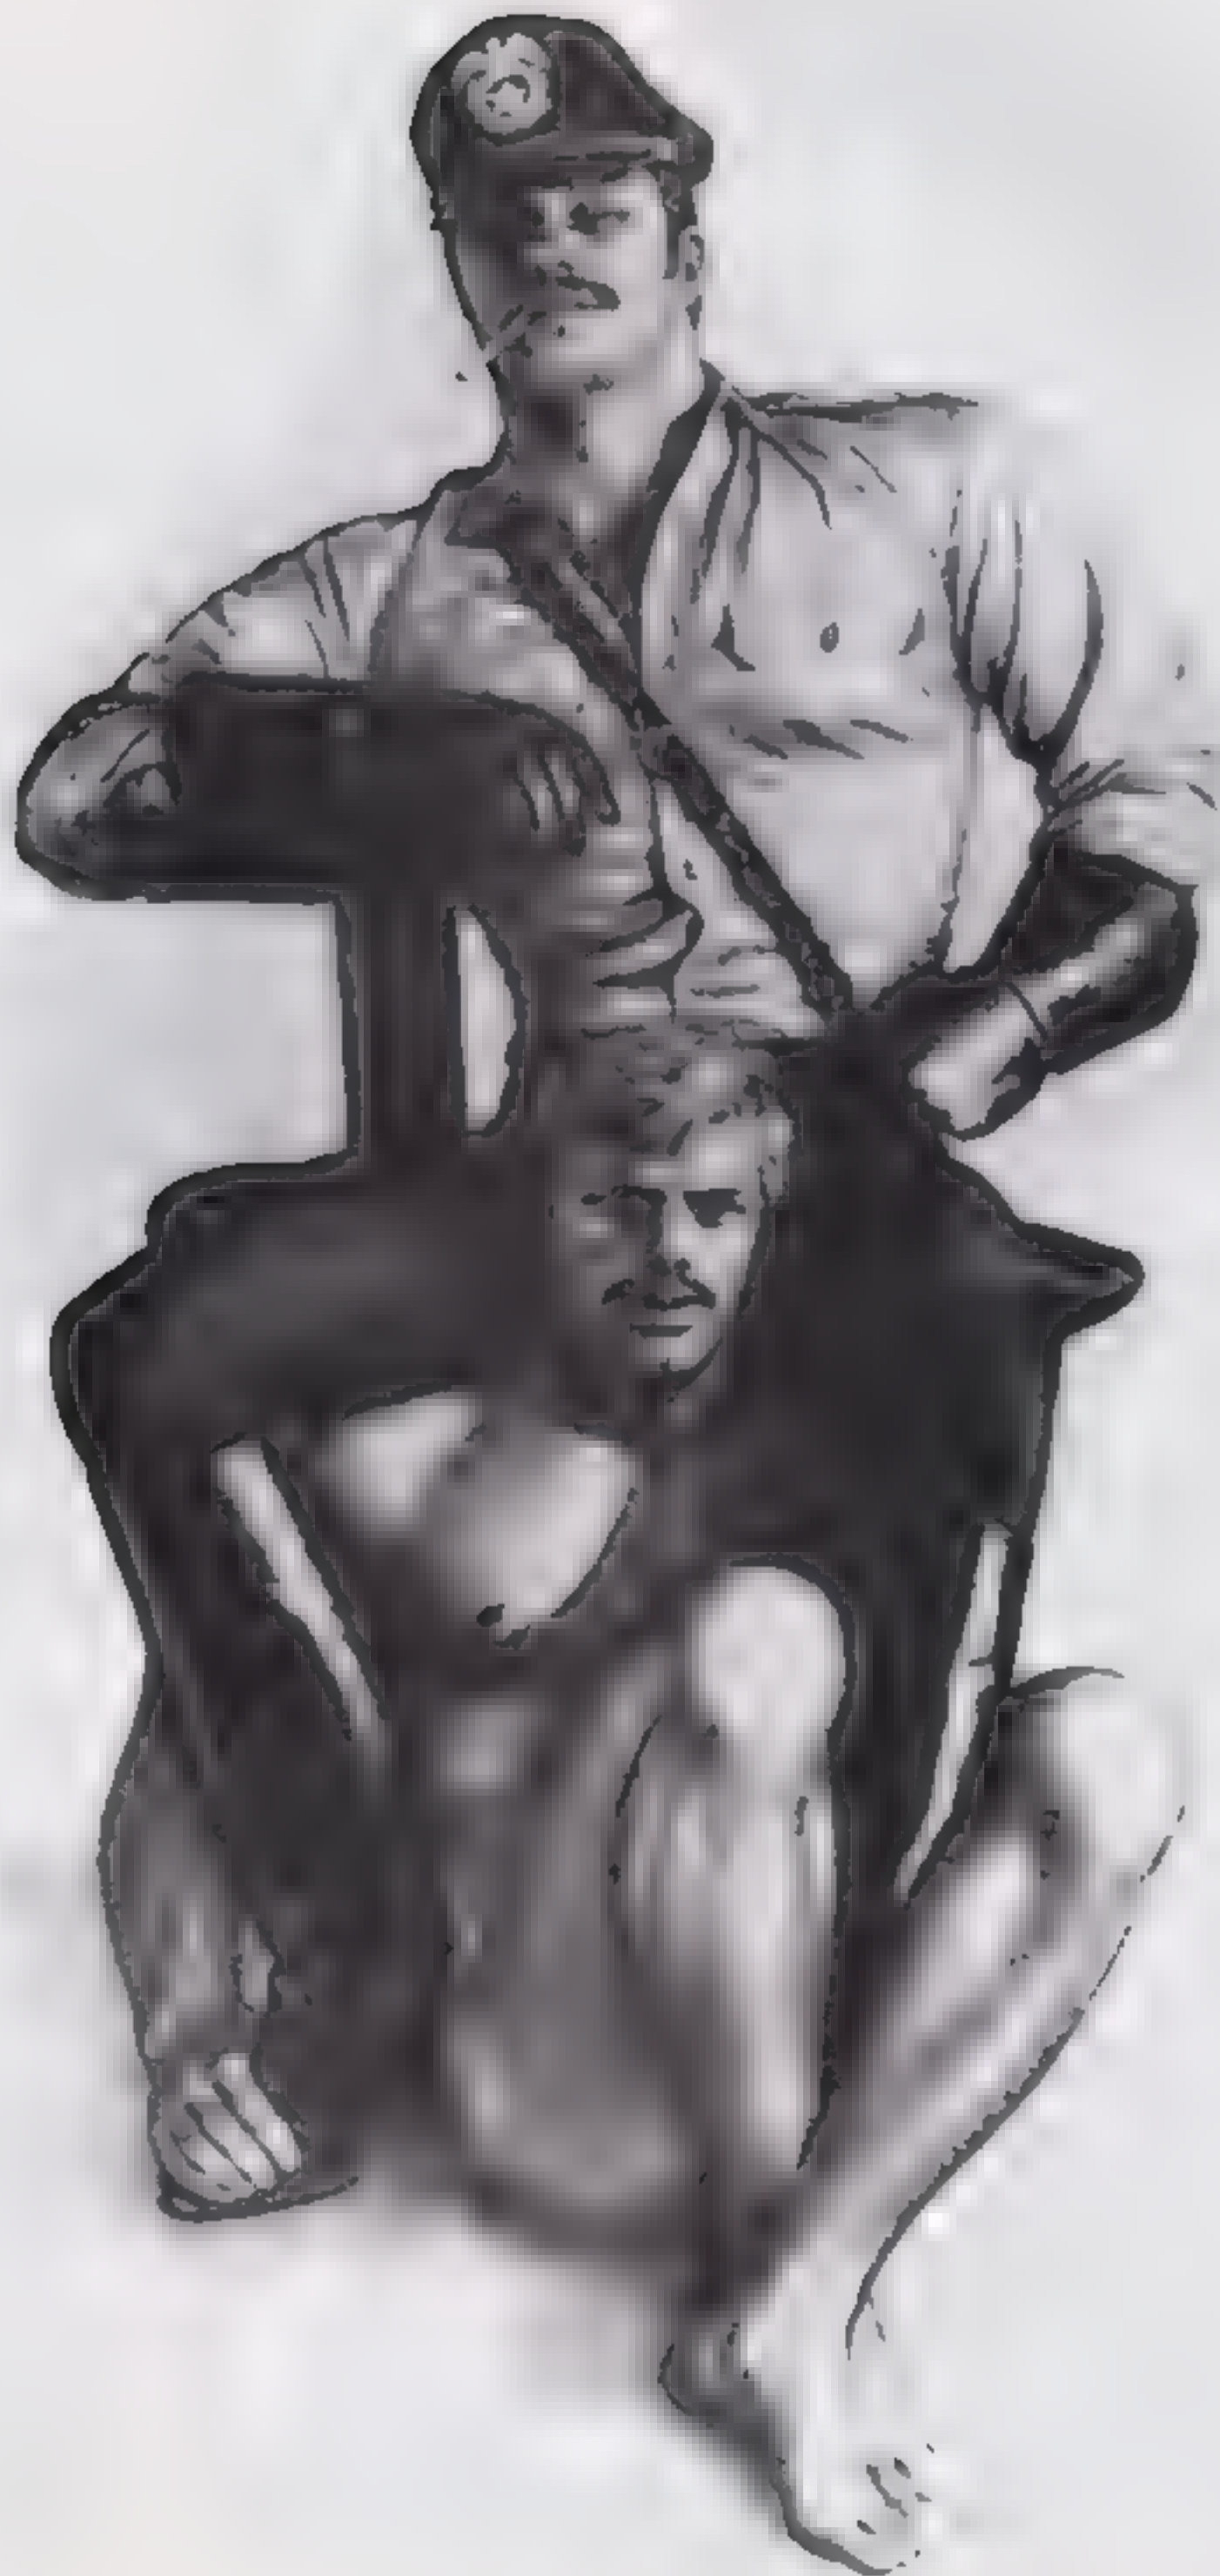

act as a "safe haven" for works which have no alternative home. The Foundation collects and catalogs the art and has created a clearinghouse where artists, galleries and erotic art lovers find common ground.

The work of the Tom of Finland Foundation as a resource center for erotic artists worldwide is part of the long-term vision. With this new vision in force, the Foundation's archives have grown considerably, not only with Tom of Finland pieces but with erotic works by scores of new and established artists. And for the first time, the collection includes three dimensional pieces.

The Foundation is very active in promoting and discovering new erotic art talents as well. Every other year it sponsors an emerging erotic artist's contest and features work by contemporary artists like Turk, Gorilla, Justice Howard, Kira Od, and Bill Ward in its monthly Dispatch newsletter. Several times a year the Foundation mounts an "exhibition by mail" of erotic works for sale to the public. Other projects include an international listing of galleries and exhibition halls which show and sell erotic art. On the drawing table is an electronic encyclopedia of erotic art on CD-ROM disk.

With so much art at hand, the Tom of Finland Foundation's most pressing need

# SAFETY BELTS

## Patrol Special

by Norman Greenstein, MD

Cop and soldier fantasies are ripe ground for many guys' fantasies. Most of the safety precautions during a cop scene are the common sense we should use in any S/M scene. But there are a some points unique to cop-enforcement scenes. These fall into the categories of police equipment and head trips.

**Handcuffs.** There's something very erotic and nasty about that ratchet sound. Handcuffs have great dramatic effect but can cause problems if used as the mainstay of prolonged or suspension bondage. Cuffs that are too tight can cut off circulation to the hand. Another common problem is nerve contusion or nerve traction. This can be caused by prolonged pressure with a metal cuff. It is more likely if the bottom presses against something and tightens them himself, there are English handcuffs available with a key setting to prevent tightening. Nerve damage of this kind is rarely permanent but can result in minutes, days or weeks of numbness and tingling in the hand. You can decrease the chance of nerve damage by using padding around the wrist under the handcuff.

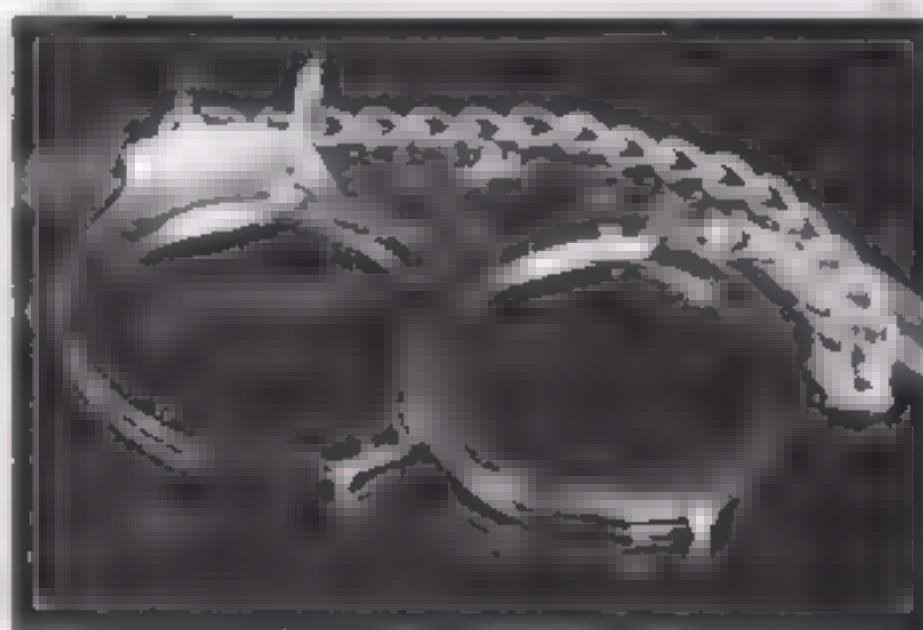

Of course, it is essential to always have a key, and preferably a spare as well, handy whenever handcuffs are used. If you lose the key, you may find yourselves at the local police station in the middle of the night in all your finery, or lack thereof, asking a real cop if you can borrow his key.

Riot cuffs are thin plastic bands with a one-way clasp on them like a plastic ratchet. They are similar to plastic clamps used by electricians and auto mechanics to hold wires or tubes together. Using them is a bad idea for several reasons: They can be tightened but not loosened. They are hard to cut and you may need to use wire cutters. The thinness of the band greatly increases pressure on the skin and underlying tissues in contact with it. It is a bad idea to use

these for handcuffs and an unbelievably bad idea to use these for cockrings. Just don't. Trust me on this one.

**Nightsticks.** These are rigid wooden fetish objects used by police officers to inflict blunt trauma. Since the diameter is the same or smaller than an average penis or dildo, it is possible to insert it a short way into the anus. However, it is trickier than fucking, fisting or using a latex or silicone toy.

The anus and rectum are tubular but not straight. One to one and a half inches in the skin of the anus gives way to mucous membrane of the rectum and about another inch in, the lower rectum curves back toward the spine. Much of this curve is supported by contraction of the puborectalis muscle, known to handballers as the inner sphincter. With

gentle pressure this curve can be relaxed and entered. Another 3-4" in one finds the rectosigmoid junction, which is a 90 degree curve to the left. Handballers can sometimes straighten this curve out manually, but that is with the ability to feel with the fingers. Trying to force any object past this curve risks tearing or perforating the sigmoid colon.

The nightstick is rigid. You can't see through it and you can't feel where you're going. If you are going to fuck with a nightstick, mark the limit line on it at 5" before you start, and be absolutely sure you do not insert farther than that no matter how the bottom begs for it. Take your time, being careful not to force the outer or inner sphincter. Avoid overenthusiastic fucking once you're in. Aim

the nightstick toward your partner's navel to get the angle right. It is best to try this with him in a sling or lying down with his knees up. Enemas are not necessary before this type of play; in fact, some mild rectal irritation may result from an enema and can increase the risk of bleeding afterwards.

Wood is porous material and can collect bacteria and viruses. Cover it with a condom before inserting. Use extra lube to make up for the rigidity of the stick. Don't use a stick which isn't absolutely smooth, or you could end up leaving splinters behind. Even though you use a condom, you need to clean the nightstick afterwards—10% bleach or 70% rubbing alcohol for at least one minute should be adequate.

Some men should not be doing this at all. This includes people with a rectal infection, certain heart diseases including recent heart attack or certain arrhythmias, diverticulitis, Crohn's disease, unexplained rectal bleeding or a severely inflamed hemorrhoid or fissure. Unexplained bleeding after the scene, or onset of a fever, abdominal pain, abdominal rigidity, vomiting are all warning signs that you need to go to a doctor or emergency room quickly.

**Guns.** It goes without saying that real, functional guns are off limits for a cop scene. C. E. Thomas, a Seattle safety instructor, informs me that training model guns, which are completely realistic but have plugged barrels and can't fire are available from many gun supply stores. Pointing a gun at someone is one of the most terrifying things you can do to him. If you are topping in a cop scene using a training gun, be sure and talk this out with your bottom in advance to be sure gun usage won't be traumatic to him. If you are bottoming in a cop scene, ask yourself if you trust your top enough that you're sure the gun isn't functional. If you don't, don't do the scene at all, don't even start it.

The gun barrel of your nonfunc-

nional training gun is phallic, tubular, and smaller in diameter than the night-stick we just discussed fucking with. However, inserting the gun barrel in the anus is not a good idea. As with the narrow riot cuffs whose small width increases the pressure they exert, the small bore of a pistol markedly increases the amount of pressure the end of it would exert on the rectal mucous membranes. Your chances of injuring someone's rectum are much higher with a small diameter device than with something the size of a dick. Pepper spray. Pepper spray has mostly replaced mace in the armament of police departments. The spray contains 10% or more cayenne pepper. Anecdotal information suggests it may cause permanent damage, including severe inflammation of mucous membranes, particularly the eyes, which are likely to swell shut. There is no way to fit the use of pepper spray into a consensual scene, since once you use it its effects will last until they wear off, whether the bottom uses his safe word or not. I do not advise using pepper spray for anything except using the canister as a visual prop.

Gloves. We've all seen cops in person or on TV at ACT-UP demos, wearing those silly plastic gloves that make them look like they're all about to do cavity searches. But there are also hot cop gloves. They are black leather with pockets on the fingers and backs of the hands into which may be inserted lead pellets. The pellets make them more menacing and more dangerous—obviously even a slap will have more impact than with a plain hand, and backhanding someone more than very lightly is out. They can, however, be visually arousing and dramatic.

Choke holds. I rate this number 2, after guns, for terror factor. It takes very little pressure on the front of the neck to give a person a sensation of choking, keeping them from breathing deeply while still allowing them to get air. Once again it is important to remember that large surfaces exert less pressure than small ones. Tying a cord around someone's neck is extremely dangerous

because it may severely traumatize the trachea, or windpipe, and because it will compress the carotid arteries on the sides of the windpipe and cut off the blood supply to the brain. Pressure on the front of the neck gently with the flat of the hand or the inside of the elbow can be extremely scary in a scene without being particularly dangerous. Using the flat of the hand gives the top more control than using the elbow, since he can feel what he's doing.

The trachea is a muscular tube that goes from the larynx to the bronchi. The front and sides are surrounded by U-shaped cartilage bands that support it and keep it from collapsing. Mild pressure will not collapse it, what actually happens is the trachea presses backwards and collapses the esophagus. However, the pressure will give the bottom the sensation that he is strangling, while at the same time making him breathe faster because he is frightened. His need to breathe faster will make him feel as if the trachea is closed more than it is. Gentle pressure is key. Never strike the windpipe with a sudden blow; this can cause delayed swelling of the inside of the trachea. The single death from high school basketball in 1994 was due to a girl being elbowed in the trachea.

It is highly inadvisable to do any kind of choking scene on a person with lung problems or heart problems. It is also important to know where the carotid arteries are so you can stay away from them. If you slide your finger from the middle of the trachea straight back on either side you will encounter a pulsing artery. Pressure on either of these will shut the blood off to that side of the brain. Contrary to popular belief, this will not cause an instant stroke. Blood to the brain has to be cut off for about four minutes before tissue actually dies. However, cutting off blood supply to the brain for even a few seconds can cause the bottom to faint. Fainting is nature's way of getting one's head down so blood can get to it more easily. If you are playing and your bottom faints, lay him down immediately. If he does not wake up within a few seconds or if he seems at all

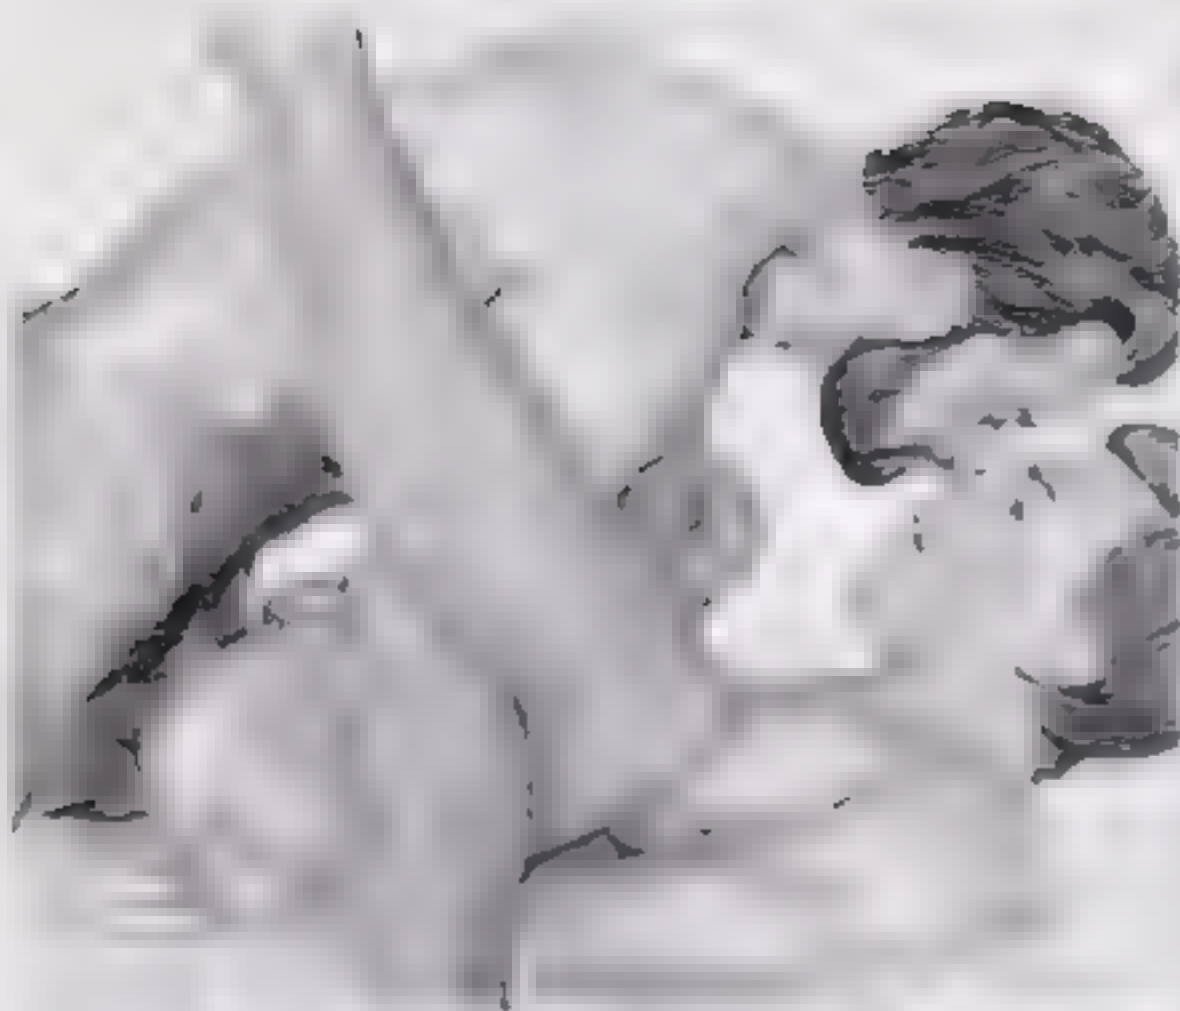

confused or his behavior seems unusual, in any way, seek medical help as soon as possible.

One other problem with pressure on or near the carotids is accidental pressure on the carotid sinus. This is a part of the carotid that helps control blood pressure and heart rate. Rubbing it can slow the pulse, drop the blood pressure, and knock your bottom out. Once again, if he faints, lay him down at once.

Whenever anyone plays with breath control or highly intense forms of stimulation, there is a risk of accidents. No matter how careful a top is, sometimes things go wrong. Occasionally someone discovers for the first time that they have a serious congenital defect, such as a heart rhythm disturbance, in the middle of a scene. Every person with epilepsy had their first seizure somewhere, and if your luck is very bad one night someone may have this happen with you. Unexpected things happen. It is important for everyone active in the scene, whether they play publicly, or in groups, or at home with just their lover, to know what to do in case of a sudden accident or serious illness. I feel strongly that every member of the leather community should know basic first aid, artificial respiration, and CPR.

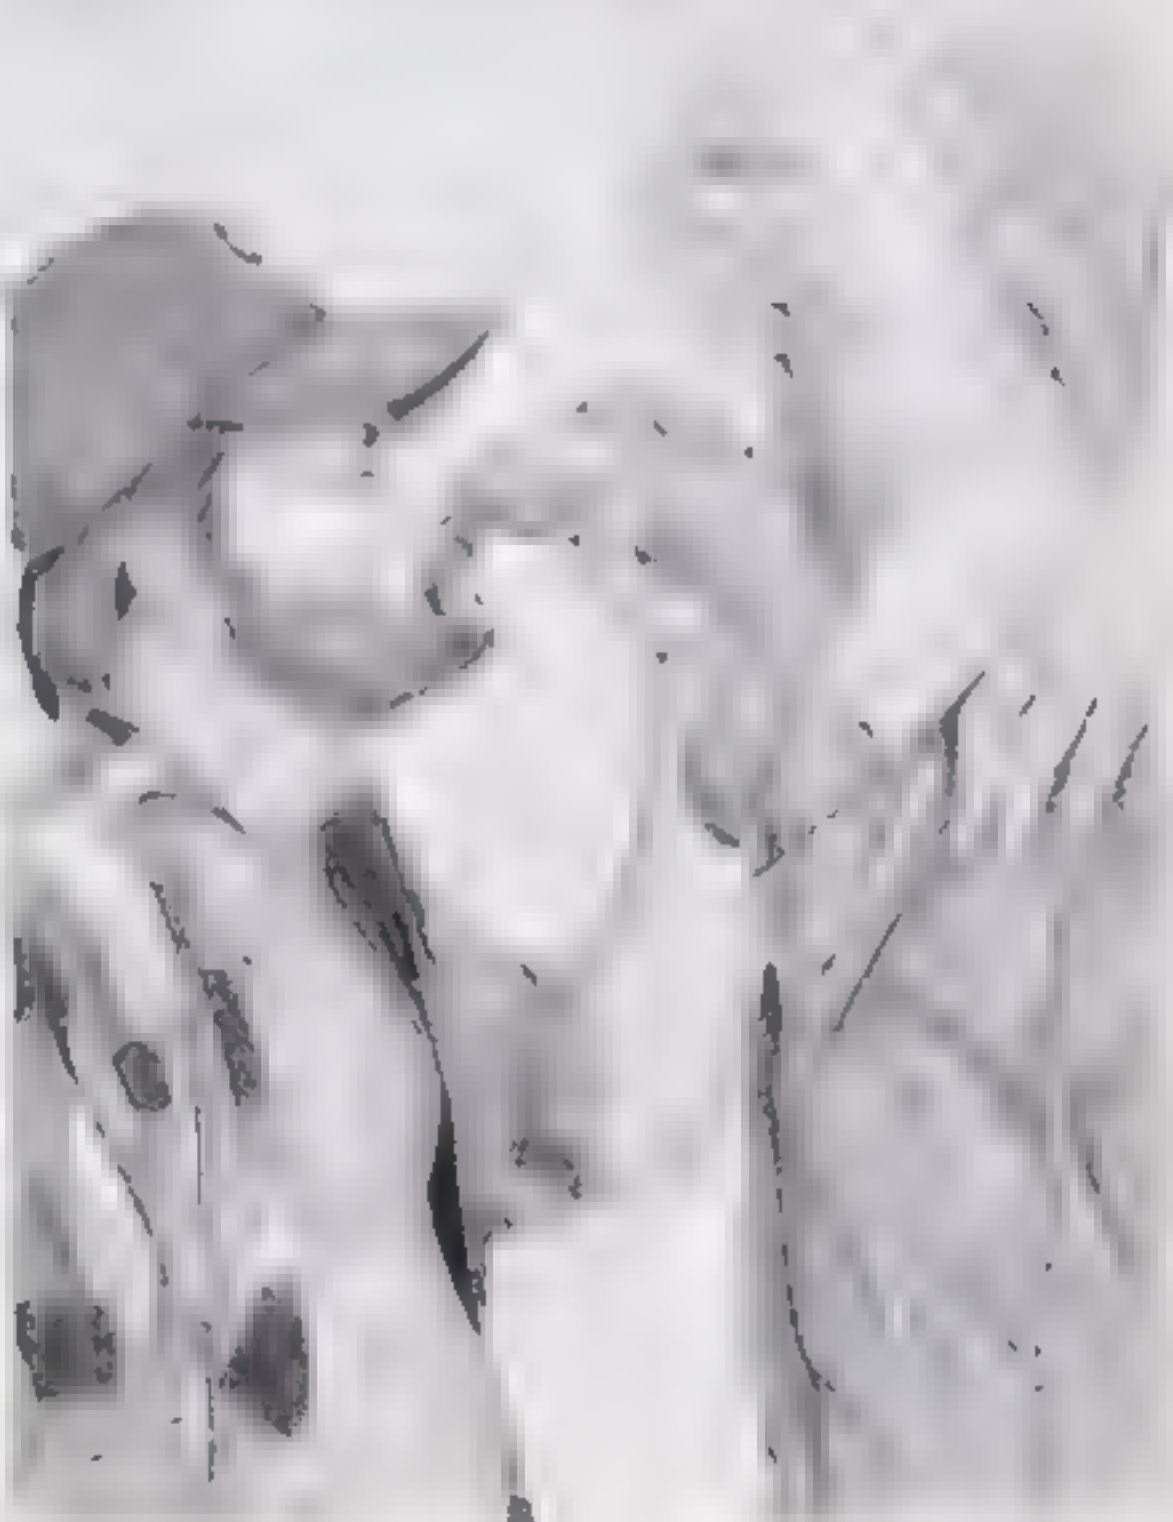

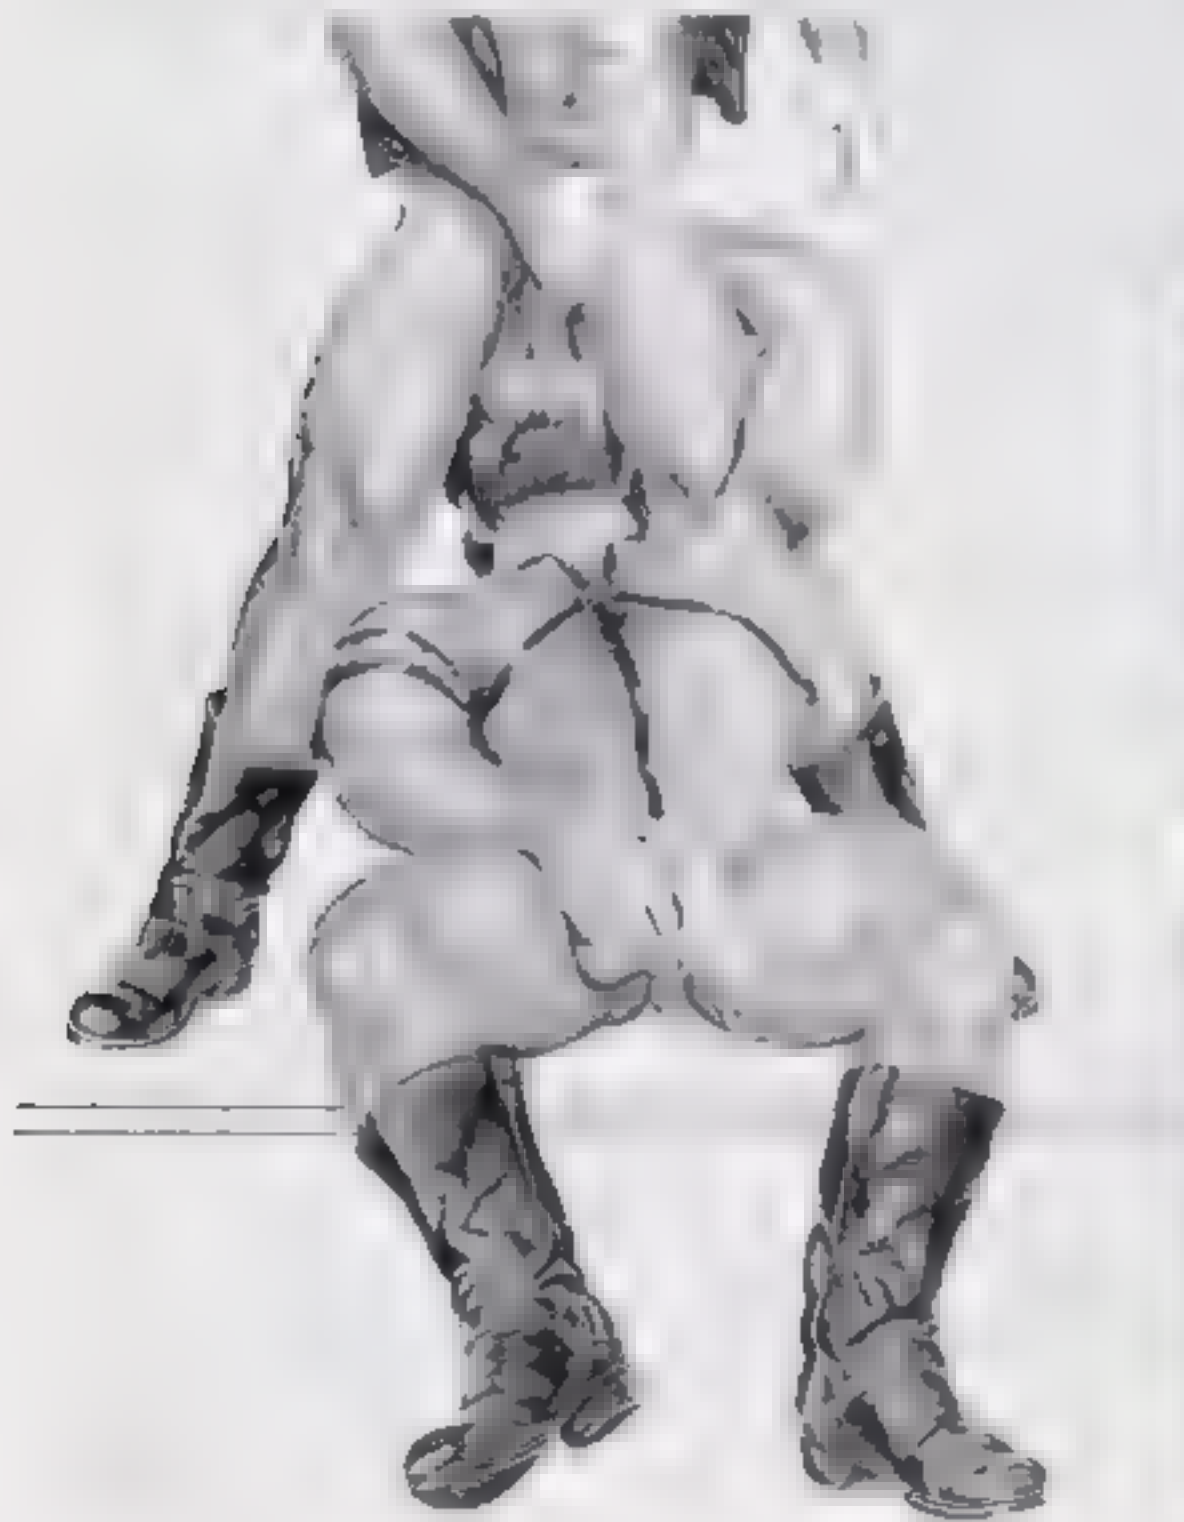

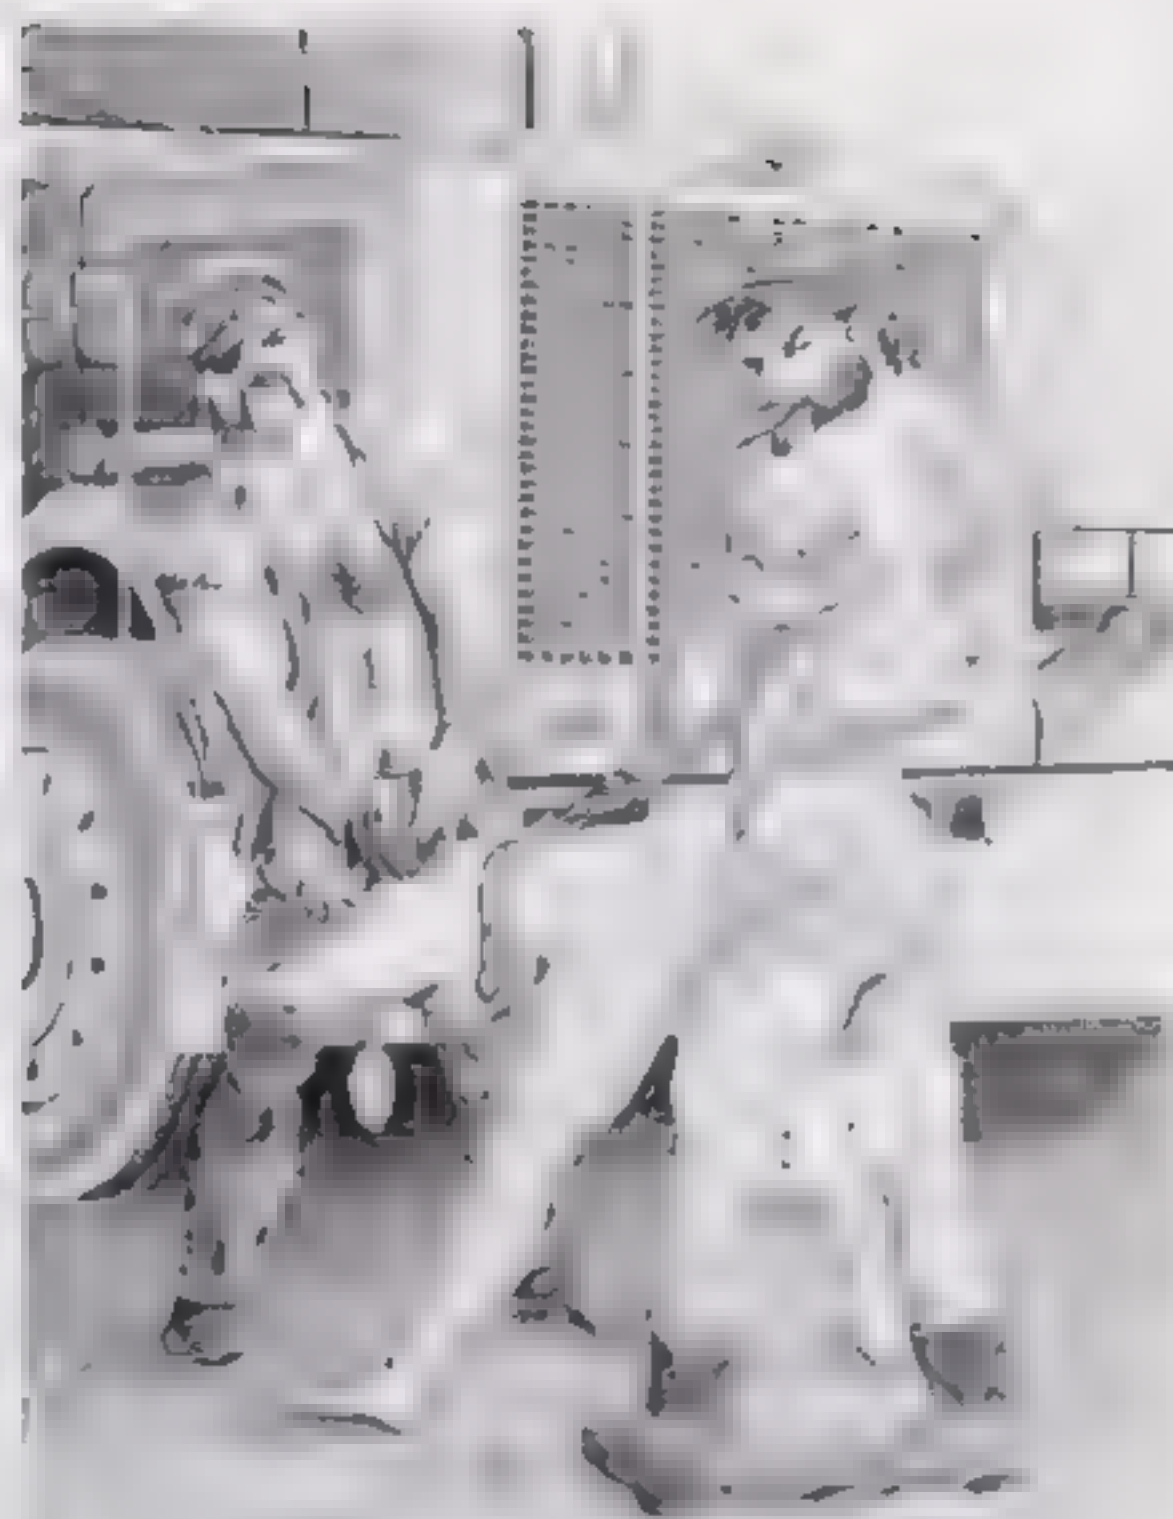

Emotional safety. Cop scenes are intense. They evoke a powerful authority figure. We may outgrow our parents and our teachers, but police we have always with us. Queers and leatherpeople are more likely than average to have been traumatized by the police. In any cop scene the top(s) must be vigilant for signs that the bottom is being driven past his emotional limits. The bottom has the responsibility to let the top(s) know if this is happening. It is essential for anyone embarking into headtrip play of this kind let their partners know of any potential hotspots in their past that require extra care, and this includes tops. No matter how macho the uniform, how shiny the boots, how well equipped the gun belt, or how carefully choreographed the scenario of a scene, they are never as sexy as the honesty and trust upon which any exchange of power must be based. ■

## Big-Ass Cójones

Most of my inspiration comes from years of extensive research in truck stops. You've gotta have some mighty big-ass cójones to walk up to a trucker and bluntly offer him a blow job. I've never gotten my ass kicked (knock wood) and rarely have I been turned down. I dig talkin' to those guys, hangin' with them and giving them what they need. And when it's all said and done, I record it in my drawings. I hope you like them. For more information write to: JLM, PO Box 7197, Hackettstown, NJ 07840

# The Final Pleasure

by Gary Bowen

Illustrations by Tim

He was blond, so very blond that it took my breath away. He wore a gray wool uniform coat. SS. I could scarcely believe that he was in a perverts' bar flaunting the swastika so proudly, his Aryan features crisp and clean-shaven above his collar. He was standing by himself drinking beer, brooding at his image in the dirty mirror. The lights were so dim he could hardly recognize himself, let alone see the rough features of what had been a small warehouse. Packing crates supplied most of the furniture, not that much was needed. I slid down the bar toward him, ostensibly giving myself more elbow room as I drank cheap red wine. In reality, I was testing his reflexes. He noticed my non-approach, and stared, his hard face betraying no expression, no opinion of my appearance, or appreciation of my desires. I met his eyes, shocked by their blueness: Hitler's poster boy. I ran my eyes over his sculpted features, drinking in the prettiness, the hardness, the masculinity of him. My eyes drifted to the SS lightning bolts on his collar, and I wondered where he had gotten it. He was too young to have worn it in the war.

His eyes never left my face. I wondered if he could tell I was one of those "inferior" Mediterranean types, for I was even paler than he, my eyes were colorless, a grey faded to watery nothingness.

I slid closer to the Aryan, still an arm's breadth away, not intruding on his privacy. When our eyes accidentally met I smiled and nodded.

He nodded grudgingly—but his eye moved appraisingly over my body, following the contours of my chest down to where the wooden bar blocked his view. He took a step back, inspecting me from behind. I had the distinct feeling of being evaluated as to my fitness for work—whatever sort of work he might want to assign me, this Nazi-come-lately who drank in a faggot bar.

"I haven't seen you in here before," I said.

"I come in once in a while," he replied.

If I had thought he'd ended up in a gay bar by accident (it happened occasionally) my doubts were dispelled. You couldn't look at the transvestites crowded around the far table and not know where you were.

"Can I get you a beer?" I asked.

He nodded curtly. I signaled the bartender, who gave me a warning as he poured the beer. He leaned forward pretending to pick lint off my shoulder. "He's a mean one, that one," he whispered in my ear.

I smiled flatly back at him. "Thanks."

The Aryan wrapped his fingers around the mug, watching me over the rim, his lips curled into a feral smile. How bright and cold were his eyes! How

aggressive his stance, so unlike the frightened flock that perched warily at the bar. I found myself drawing closer to him, smelling the sweaty animal scent of him, and feeling the warm heat of his powerful body. He was taller and heavier than me, hard muscled, blurred with a softness that comes from good eating on a regular basis. I imagined us in bed together, my black hair against his blond crotch, his hand forcing my head down to service his prick, my lips forced wide apart by its thickness, and my ass aching with a lust that had never been slaked by an endless string of lesser men.

He didn't speak, but ran his finger down my white shirt sleeve, his pointed nail sending a frisson along my spine. He smiled as I shivered, and his hand gripped my elbow firmly. It was not a gentle grasp, not a friendly flirtatious touch, but a masterly hold, a dictatorial control of my motion. "Let's go."

"But—" I started to protest in surprise. I was rather taken aback, for I had expected a certain amount of amorous fencing.

"Do you want it?"

"Yes, but—"

"Are you willing to do anything to get it?" His voice was deep and amused, contemptuous and cold, taking for granted what my answer would be. My heart beat frantically, and my knees went weak.

"Yes," I whispered.

“His hand clamped over my wrist and he applied a crushing pressure, matching me pain for pain. I increased the pressure, and he snarled, slapping me. I staggered back a step, and he pushed me in the chest, knocking me off balance, and pinning me against the wall. His hand slammed between my legs and held me fast, hurting me as much as I had hurt him.

“Say it.”

“I’m willing to do anything to get it,” I mumbled in reply.

“Good. Remember that,” He put his hand in his pocket where I saw the bulge as he gripped something. That worried me. What if he was just going to take me into the alley and rob me? I could not bear the disappointment.

“I’m an important man,” I said. “An aide to the Mayor. If anything happens to me they will hunt you down. People have seen us together.”

He laughed out loud with the pure merriment of an innocent child. “And do you think anybody will admit they saw you in a perverts’ bar?” He grinned wolfishly at me. “I know all about you. A faggot. A molester of small boys. A freak, a criminal, a monster that deserves to die. I am delighted to meet you.”

“I’m not,” I exclaimed. “I like men, not boys, and I’ve never touched a man who didn’t want it.”

He gazed contemptuously back at me. “Liar. You’re a whore, a pervert so twisted that you will do anything for anyone. I’ll prove it to you.” He fondled the thing in his pocket.

“What do you mean?”

He leaned against the bar, his lips pursed in a triumphal pout: Cupid in a Nazi uniform. The swelling in the front of his dark trousers announced his game sexual domination. Insulting his partner was part of his pleasure.

“The only way to deal with your kind is to give you what you want,” he sneered. “As painfully as possible.”

I stepped up closer to him, deliberately placing my hand on the front of his pants, feeling the warm thickness of his shaft. His eyes widened in surprise, and I grinned back at him, “You’re just as bad. You like being bad. You like hanging out with bad people. The worse they are, the better you like it.”

His breath quickened as I squeezed him with steadily increasing force, wanting to see how far I could push him before he was driven to admit I was causing him pain. His hand clamped over my wrist and he applied a crushing pressure, matching me pain for pain. I increased the pressure, and he snarled, slapping me. I staggered back a step, and he pushed me in the chest, knocking me off balance, and pinning me against the wall. His hand slammed between my legs and held me fast, hurting me as much as I had hurt him.

“I’m bigger than you, and I’m going to make you do exactly what I want you to do.”

The queens at the other end of the bar were staring at us, gaping in astonishment. “Yes sir,” I whispered.

He released me. “That’s better.”

He gave me a little room, but before I could get my wits together he tweaked my nipple. I gave a little cry and he laughed, twisting the bump with sur-

prising gentleness while my legs went weak and I had to grab the wall to hold myself up.

“I could make you come in front of all these people.”

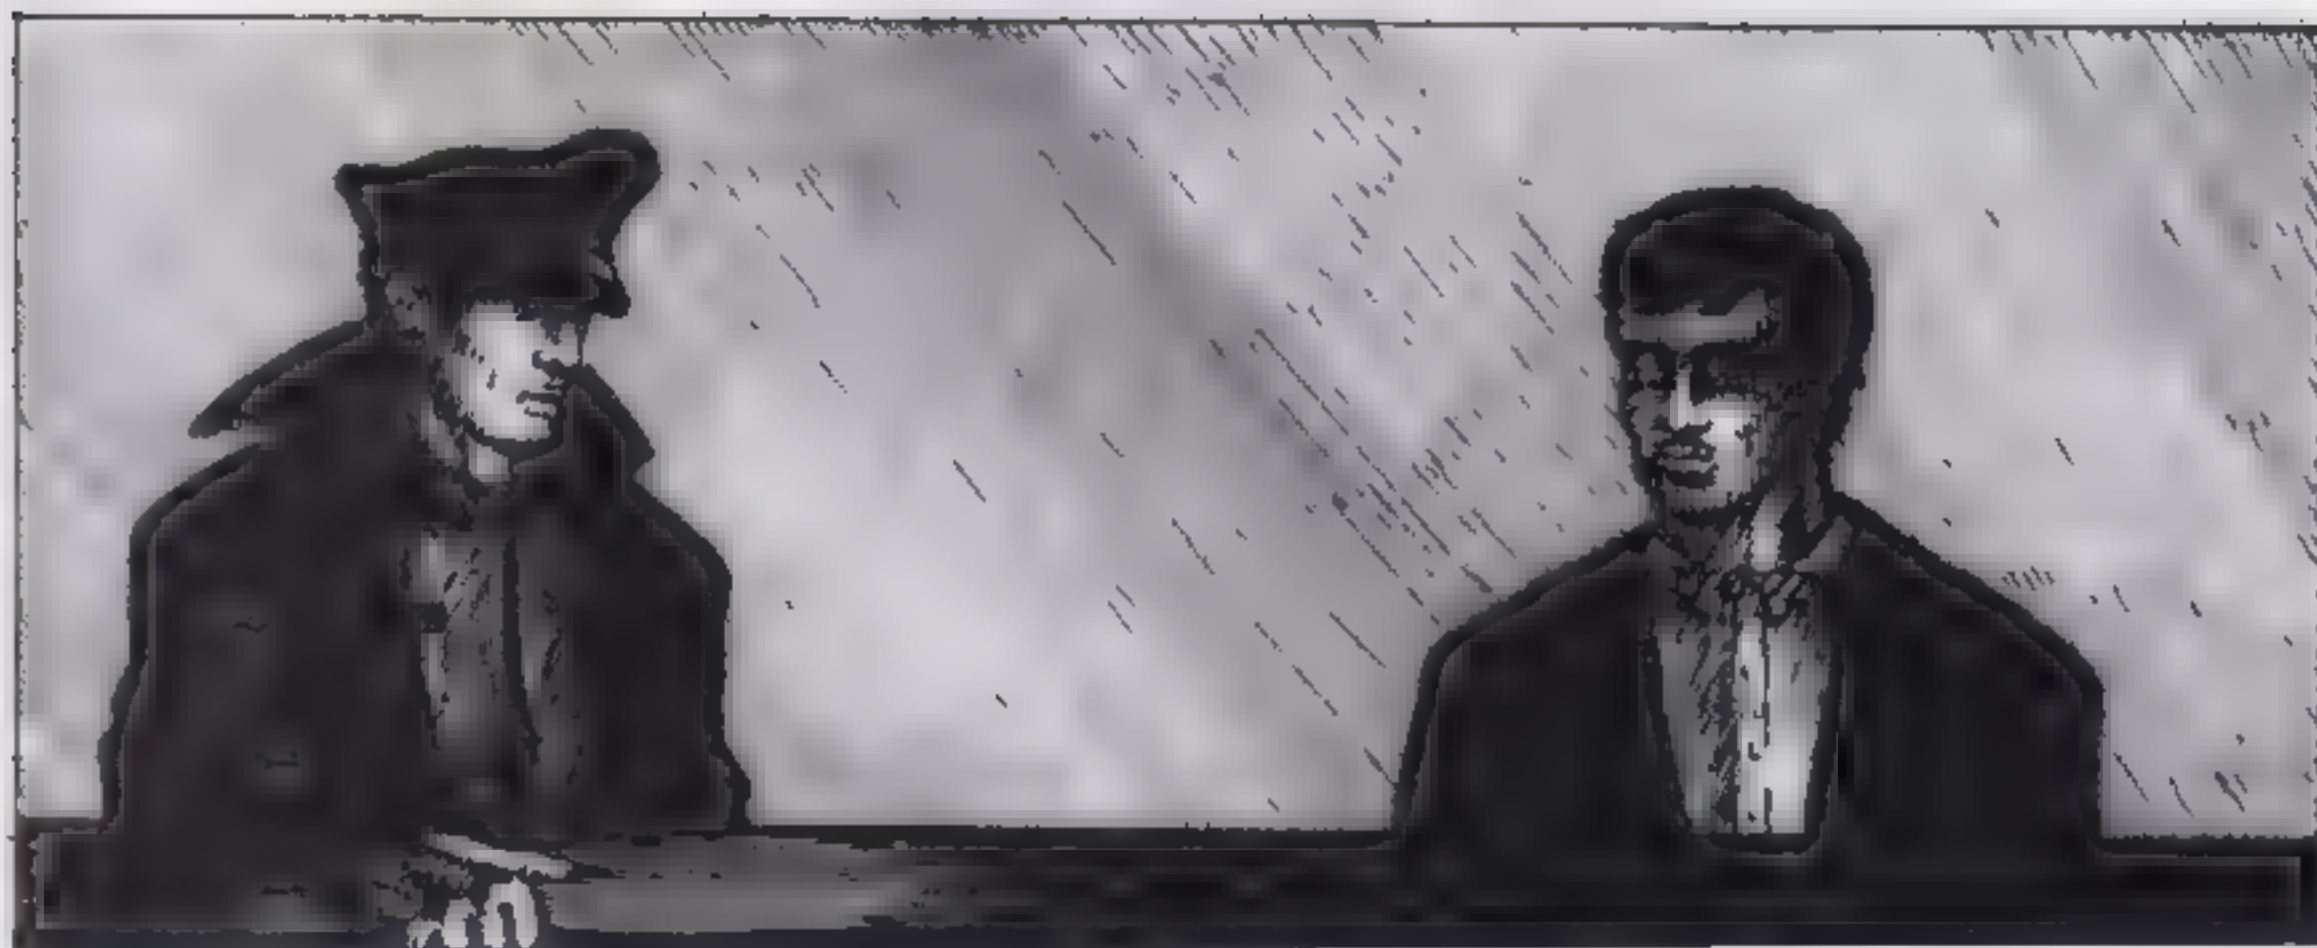

I was panting and rolling my head back and forth, clawing the woodwork. He twisted the nipple with gradually increasing pressure, sending heat racing through my veins. I moaned out loud, face flushing scarlet at the shameless way I was manifesting my pleasure, knowing full well that the queens would talk about it for weeks to come. A story that notorious would be too good to keep to themselves, and I’d be ruined. My relationship with the Mayor was already strained. I should have been more discreet. I should never have come to this bar. All the while the recriminations were running through my mind I was getting harder and hotter and losing all sense of inhibition.

“Oh yes, please make me come!” I cried.

He released me and jerked his head for me to follow. He never looked back. My feet followed, propelling me out the front door with staggering steps, coat forgotten. The night was still and damp, the silence broken by the occasional passing car. At the entrance to an alley he paused and turned, waiting for me to catch up.

He pointed at the trash cans neatly lined up along the wall, odoriferous

smells anointing the narrow space between brick walls. I wrinkled my nose in disgust, but he laughed again. "That's what you deserve: garbage. I want to see you lying face down in it, begging me to stuff a bottle up your ass."

I was tongue-tied, feeling the heat between my legs as I looked at the garbage cans and looked at him, wondering if he would really do it or not. "You wouldn't," I said at last.

He took the gun out of his pocket and pulled back the safety. "I would." He held it with the muzzle pointing up into the murky night. "Drop your pants."

I walked forward on wooden legs, staring at the trash bins, feeling the heat. Slowly I unbuckled my belt and let my pants fall. I stood exposed and humiliated before this Aryan half my age, a nobody from nowhere, who was making my ass ache to be taken, and he didn't give a damn about how I felt.

The sound of a zipper made me turn around. My tormentor was standing with his fly open, one hand massaging his length while with his other hand pointed the gun at me. "Kneel."

I stared at the round eye of the gun, and I knelt.

"Eat it."

I gathered him into my mouth, the cold metal of the gun touching my temple. "Don't bite me. You hurt me and I'll blow your brains out."

I tended him with my most loving

ministrations, the soft lips of my mouth stroking his shaft, eating him both deep and shallow, kissing his tyrant prick, arms wrapping hesitantly around his hips, embracing the rape of my face while the gun never wavered from my head. All the time I was eating him I was thinking to myself, "What if I make him come and his finger jerks on the trigger?" So I sucked him as slowly as I could, prolonging his pleasure, teasing his foreskin with my teeth, distracting him with every trick in the book, hoping the hand would fall away and let me free.

But I did not want my freedom. It would be too simple, too easy, too much like a thousand other tawdry transactions committed by prostitutes and unpaid whores, a few minutes in the alley, another orgasm rapidly fading into oblivion. If I was going down on my knees for this pretty tyrant, let him be worthy of my worship: No mercy.

His left hand clenched in my hair, holding my head steady while he pumped his hips back and forth, fucking my face, and then it didn't matter what I thought. I had become an orifice for him to use, and I couldn't have escaped if I tried. The piston strokes moved faster and faster, and from the corner of my eye I saw his thumb moving upon the hammer, and I moaned in fear. I put my hands between my legs and began to masturbate myself fiercely, certain that when this man reached his climax I

would be dead.

He spurted in my mouth and I clenched my eyes shut, shoulders hunching in anticipation of the gunshot. The barrel fell away from my face, and he stood over me, panting. He let go of my hair, and I dared to look up at him, both my hands clenched tight around my erection. He looked down at me, and nodded. "Bend over. I'm not done with you, not by a long shot." He grinned at his pun.

I scrambled to my feet, pants around my ankles, hands braced on the lid of a trash can. He put his hand on my backside, fingers probing unceremoniously for my asshole. I moaned in need, and he stuck two fingers in me: hard, without any lubricant, not even spit. It hurt, but I was desperate for it and didn't care.

"You're such a whore," he said. "All you faggots are. You'll take anything up the ass." He shoved his fingers deep in me, and I clutched the trash can against my chest to steady myself. He massaged my prostate with skillful, knowing strokes. "You like that, don't you?"

"Yes sir," I whispered. I was melting, my knees threatening to buckle while the desperate passion soared through my body, heating me with a fever I'd never before experienced. Then he withdrew his fingers, replacing them with the barrel of the gun. I groaned as the cold, slick metal invaded my flesh.

"All the perverts and deviants should

with the gun

The barrel went in and out, in and  
out, my fingers gripping the edge of the  
trash can tightly, breath hissing between  
clenched teeth

"People don't understand the neces-  
sity. It offends them. They don't under-  
stand that faggots are not human be-  
ings."

I groaned helplessly, muscles clench-  
ing eagerly around the hard thing in my  
ass, libido oblivious and uncaring of the  
danger it represented

"I think they ought to be ex-

kind of degenerate monsters they are.  
How they have no sense of propriety,  
how their urges are uncontrollable, even  
in the face of death."

"No," I gasped. "Not true!"

"You think so? I'll make a bet with  
you: You will have an orgasm, even  
though I will pull the trigger when you  
do." He stroked me long and deep, forc-  
ing a moan from my lips. "It's simple,  
really. Don't come, and you live. But  
you will come, because you're a pervert.  
You have no control over your sexual

people from your craving."

My hips bucked violently, my lips  
whispering futilely, "No, no, it's not  
true!" words lost in the animal cry of  
rising lust. The gun barrel stroked me

faster and deeper, pushing me towards  
the fatal edge. I gripped the trash can  
tightly, holding onto for dear life, brac-  
ing my legs, trying to clench my body  
against the wave of pleasure, trying to  
fight back, but each moment of resis-  
tance was pierced through by the hard  
thrust of the gun, driving me towards  
the inevitable end of my desire

I shuddered, muscles tightening spas-  
modically around the barrel, prick spurt-  
ing white fire, my head thrown back in a  
shriek of fear

The hammer fell

The metallic click was the last sound  
of which I was certain, for all else was  
lost in a red haze of orgasm. Terror and  
pain and pleasure all blended into one  
sensation that blotted out my awareness  
of anything else. My limp form fell over  
the trash can, then the gun withdrew  
and I slid into a heap, the trash can  
tumbling over and spilling its garbage  
over me

He grinned down at me. "Wasn't  
loaded," he said

"You sonofabitch," I gasped in reply.

He laughed and reached into his

"A major. Until they caught him in bed  
with a fourteen year old boy." The cham-  
ber of the gun clicked shut. "They didn't  
know the boy was his brother."

He spun the chamber. "I didn't en-  
lighten them. I was glad to get off as the  
innocent victim. I was sorry my brother  
was sent to the firing squad, but he  
deserved it."

He put the gun against his head.  
"You were lucky. I hadn't made up my  
mind whether or not I really wanted to  
do it. Had you shown up five minutes  
later the gun might have been loaded."

He pulled the trigger. It clicked on  
an empty chamber. He lowered the gun.  
"This is the part I hate: finding out I'm  
still alive." He reached into his pocket  
and pulled out a second round. I watched  
him load it, and spin it, two of the cham-  
bers carrying death

"Stop," I croaked

The hammer fell, and the gun  
roared. ■

The background image is a blurry, high-contrast photograph. It appears to show a person's legs and hands. The person's hands are visible near the top right, with fingers spread. The legs are in the center and bottom, with one leg bent. The overall tone is somber and unsettling, with a focus on the physical form in a way that suggests a lack of control or autonomy.

I thought it was all over when the military police picked me up. Then I noticed their stiff cocks beneath the camoflaughe ...

# THERE'S ALWAYS TOMORROW

By M. R. Vantage Photos by Target

The court-appointed attorney told me I would be facing five to ten years in prison. I ended up back in McClean Penitentiary, my old stomping grounds. Some of the old gang was still there. To my chagrin, Timmy, my "tag" girlfriend, had been released two months before, which meant I had to get a new girlfriend, which probably included a bloody fight. Not that I was afraid of a fight, as I said, I'm a big guy and ever since my first stint in prison when I picked up weight-lifting, I haven't stopped lifting. The result has been a body like a brick house.

When I arrived at McClean, a young yuppie Wall-Streeter named Wayne was the hot number. According to my mates, he couldn't suck dick that well, at least not like Timmy, but he was a nice, tight fuck - and a chicken. Wayne was small but built nicely. He had black hair cut to the crew cut required here, which brought out his sharp features. He had full lips that even from a distance made you want to stick your dick into

This week Wayne belonged to Danny

Stewart. I didn't know much about Danny, except that he was a big guy, as big as me, with long dirty-blond hair and a beard. My plan was to get him during exercise period. I don't believe in weapons, as Danny apparently did, after all he'd knifed a guy to get Wayne, but I figured if I caught him off-guard he'd be unarmed.

The next afternoon Danny was shooting hoops in the yard. I watched from across the yard and pretended to be playing solitaire. He'd be taking a break soon, either to shit or piss, or maybe to have a fuck with Wayne, who was sitting on the sidelines, watching his man. Finally, Danny broke away from the game and headed toward the john. Wayne obediently followed him. I was a short distance behind Wayne. Even in prison garb, his round ass cheeks stood out, and it wasn't as if the suit was too tight; he simply had a fucking hot ass.

I followed them into the building. I was eager to get my cock into that straight ass. I'd been here two weeks and hadn't had any action. While Danny went into

the john, Wayne, like a good dog, stood outside the entrance. His eyes widened when he saw me approaching, and he started fidgeting nervously. He wasn't sure what to make of me. Of course, I knew his duty was to warn me or anyone else that tried to go into the bathroom that it was currently being occupied by Danny.

Uh, Danny's in right now. Wayne said to me. His dark eyes flashed at me and I almost stopped, lost in their intensity.

Big fuckin' deal," I said, walking past him.

Inside, Danny was standing at one of the urinals. He turned his head around immediately, his animal instinct brought to attention.

"What the fuck are you doing in here? Can't you see I'm pissing?" He roared.

"Shut up," I said in a low voice, "I want Wayne."

A crooked smile spread across Danny's lips. "Oh, yeah?" He stuffed his big cock back into his pants. "You're new, aren't you?"

PLAYGROUND, Ft Laud, FL

"Not that new, asshole." I took a step closer to him.

It was at this point that there was a scuffle just outside the bathroom. Wayne was struggling with a prison guard, one that I wasn't familiar with. They both came into the john. The guard, a tall lanky fellow, threw Wayne across the bathroom.

"Shut up, faggot!" He yelled. Then he looked at me and Danny. "Having a little pussy fight, fellows?"

"Fuck you," Danny snarled at him.

The guard turned his attention to me. "You're Hank. I've heard of you."

"Well, that's nice," I said. Danny Johnson was printed on his name tag. New guy obviously. The new ones are always a little eager.

Officer Johnson wanted a show, and using his gun to persuade us, we gave him one. He ordered Wayne to first take off his pantsuit and underwear. Wayne's body was even hotter than I'd thought. Except for small patch between his luscious nipples his body was hairless. His legs were flawless, with well developed thighs and calves. Nothing got my dick harder quicker than a nice pair of legs leading up to a well-curved, defined ass.

Next Johnson told Danny to pull out his dick. Danny was a little more stubborn than Wayne, and Officer Johnson had to convince him with a whap of his billy club.

Danny pulled out his meat which, even soft, was a long, thick piece of sausage. His nuts were almost as big as tennis balls. Johnson told Wayne to go over and suck Danny's cock, which Wayne did without hesitation. He squatted down in front of Danny and took the fat cock into his mouth. He couldn't get more than about half of the soft cock into his mouth, and when Danny got hard, even less of the fat meat fit into Wayne's little mouth. Wayne tongued the fat head, flickering his tongue into the piss slit and then up and down the piss shaft. Danny moaned softly.

"Suck his balls," Johnson ordered.

Wayne went from Danny's huge dick to his nuts, licking the sac first, then taking one ball completely into his

mouth. Wayne released one ball and went to the other. If he could, I know he would've taken both balls into his mouth. He was groaning as his tongue worked the huge balls. He then tongued the area between Danny's balls and his asshole, driving Danny crazy.

Johnson then ordered Wayne to reposition himself on his knees in front of Danny. Wayne changed his position, from squatting to his knees. His ass was in the air, smooth as satin except for a faint trace of dark hair which started at the beginning of his crack. Then Johnson did what I was hoping for; ordered me to fuck Wayne. I pulled out my already hard meat and went over to Wayne. His delicious ass was begging for my dick. I spit on my hand and managed to get some on my dick before Johnson ordered me to fuck him dry.

"No spit, asshole!" He shouted.

I could see Wayne's body tense up at the thought of a dry fuck. From the corner of his eye he'd seen my meat, and it was even bigger than Danny's, I'm proud to say: about 10" long, thick and veined, with a nice head and big piss slit. I've had many men worship my cock.

In order to get my dick into position I had to get on my knees behind Wayne. I holding my cock, I guided it to the tip of Wayne's tight little puckered rose bud. Wayne tightened even more. I knew this was gonna kill him.

"Take it easy, fella. It's better to relax," I whispered.

His mouth was full of Danny's cock, but his big exhale through his nose assured me he was attempting to relax.

I pushed the head of my cock gently against the resisting hole. The little bit of spit on my dick wasn't going to help much. I decided to give it to him slow and easy. The tip of my cock was at the start of his ass ring when he moaned loudly and released Danny's cock from his mouth. I was about to remove my cock and finger-fuck Wayne's ass a little, to loosen him up, when Johnson screamed.

"Shove it in all the way. Now!" Johnson ordered. He raised his club above my head. "And you," he said to

Wayne, "put that cock back in your faggot mouth."

Wayne took Danny's cock back into his mouth. I took a deep breath and pushed forward, as slowly and gently as I could. His ass was like a vice on my cock. It actually hurt me. Wayne was moaning so loud I thought he'd cry, and Johnson ordered him to be quiet. I had to work to get my cock in even half way. The grip was incredible. It had been a while since I fucked a tight ass, much less without lube. I definitely preferred it a little looser.

"Loosen up," I whispered to Wayne. "Pretend like you're taking a shit." Johnson ordered me to be quiet, and whacked me on the shoulder with his club. I didn't care. I wasn't enjoying this, and I knew from experience that Wayne needed to loosen up in order for either of us to enjoy this.

Wayne must have listened to me because I could feel his ass grip on my cock loosen a bit, and I shoved my meat in a little more. I reached under with both my hands and got a hold of his tender tits. I rubbed and pinched them until the nipples felt like little pebbles. This caused low, sensuous moaning from Wayne, and a little less resistance from his asshole.

Danny was watching, and I knew it was driving him crazy to see someone else fucking his "girlfriend". This made it even more pleasurable for me.

My cock was buried inside Wayne to the hilt by now, my big nuts resting against his soft ass cheeks. He had actually bucked up a tiny bit, which allowed me further access into his chute. That was a good sign. He was starting to get into it.

I pulled out slowly, and the grip was looser now. I stopped about halfway, then slowly shoved my cock back in all the way. This time the little fucker most definitely raised his ass a little, and shoved back a bit with his hips. He was about ready for a real fuck, as I was. Danny's face darkened at this sight. It was bad enough that his faggot was getting fucked by someone else, but Wayne was obviously beginning to enjoy this. I pulled

out to the tip this time, paused a split second, then shoved my cock back in all the way in one smooth stroke. His ass juices were pouring, lubing my cock and making the fucking a lot smoother. My balls banged against his cheeks this time. Soon, I was fucking him the way I like it, pulling my cock out to the bulbous head and then shoving roughly all the way back in. Before long, his ass ring didn't even bother closing in around my head, and he was bucking with each of my stroke like a little pony in heat.

Wayne's moaning had changed pitch, from painful groans to lustful growls. He was getting into this, which turned me on even more. He was swallowing Danny's cock deeper now, and soon the three of us had found a rhythm, a sexy, lusty rhythm each time I was shoving in, Wayne pushed back and at the same time Danny shoved his cock deeper into Wayne's mouth.

Just when I was hitting my orgasmic stride Johnson stopped me. "Pull out, asshole," he said. Reluctantly, I pulled my cock out of Wayne's hot snatch with a wet "plop". His ass lips quivered, as if trying to reach out and grab my cock again.

Johnson pushed me aside. "Let's see the little faggot take this," he sneered, taking his billy club and placing the wide tip to Wayne's fucked, sloppy ass lips. "Should be loose enough, don't you think?" Without warning he shoved the club about six inches into Wayne's loose ass. Wayne screamed out, and tried to move away from this anal assault. Johnson grabbed him by the neck and held him still, slowly rotating the club inside Wayne's ass. Then he began pushing the thick club into Wayne slowly, an inch at a time. I never expected the club to go in as far as it was, but Wayne's own pleasure was opening him up. Wayne even reached his hand back to feel how much of the club was inside him. That was when Johnson grabbed both of Wayne's arms, pulled them around and slapped cuffs on him.

Wayne's hole was fucked raw by now, and when Johnson pulled the club out completely, he seemed to relish the sight

of the hole, now looking like a pink slab of ass-meat, gaping open

"What a cunt, huh guy?" He asked me, a wicked grin on his face. "Faggot pussy," he moaned as he resumed fucking Wayne with the club, which was glistening now with Wayne's ass juices. The club was now more than halfway inside Wayne. He was obviously beginning to relax after a while, as he began to take more of the club. I was surprised that Johnson was being so gentle with this ass rape.

While Johnson was fucking Wayne's greedy ass, Danny standing in front of Wayne, was whacking his monster meat against Wayne's open mouth. Wayne had his tongue out, eagerly slurping at Danny's cock head and licking the precum.

Johnson would pause to rotate the club slowly, admiring the sight. Then he actually shoved a couple of his big fingers into Wayne's asshole, right beside the billy club. My cock was bursting to shoot my wad.

Johnson had his own dick out in seconds and after roughly pulling out the billy club, had shoved it inside Wayne's raw asshole. His cock was lost in all the loose flesh, but he seemed to like it that way. His cock was long and thick, but not nearly as thick as mine. Wayne's ass lips couldn't even hug his cock, they were so loose.

Johnson ordered me around to the front of Wayne, next to Danny, and told us to both shove our dicks in his mouth. Of course, Wayne couldn't take both cocks, but he tried. He went from my cock to Danny's, then from my nuts to Danny's, he was a hungry little bugger.

I could tell Danny was getting close, as I was. I whacked on my meat when Wayne was sucking Danny, slapping it against his cheeks. Danny's cock was all spit soaked and wet, and Wayne's mouth had turned into another pussy getting fucked.

"Yeah, yeah, yeah," Johnson moaned, fucking Wayne faster and faster. The faster he fucked his ass, the hungrier Wayne's mouth was.

"Oh, god, oh, god, oohhh, I'm cumming!!!" Johnson yelled out, grabbing hold of Wayne's shoulders and shoving his rod all the way inside that sweet ass. "Oh, oh, oh, god, yes," he moaned as he fired burst after burst of his cum inside Wayne's asshole.

I couldn't hold back now, I pulled Danny's cock out of Wayne's mouth and shoved mine in as far as it would go, shooting wads of cum as I did. Wayne swallowed as much of my dick as he could, milking every last drop of my juice. Some of my juice was dripping from Wayne's lips, and he slurped this up as well.

Danny started moaning heavily, and I knew he was going to shoot. He put his cock next to mine, trying to shove it into Wayne's mouth beside mine, but it wouldn't fit, no matter how wide Wayne opened his mouth, and I was still enjoying the slick wet throat as Wayne continued milking me. Danny ended up shooting ropes of hot white lava sperm all over Wayne's face and my dick. I didn't think he'd stop shooting the milky-white. It was most definitely a hot scene.

By now Johnson had pulled his cock out of Wayne's quivering asshole with a noisy, slurping sound and stood up, reviewing the sight as he zipped up. "Okay, assholes, the fag-fest is over — for now." He tapped Wayne on the ass with the club, which was still wet with juice from his asshole. "Get up, pansy."

He then unlocked the cuffs from Wayne's wrists. Wayne raised himself weakly and went over to where his suit was laying. He had a dazed look on his face as he dressed. He still had some creamy cum on his face, and wiped at it with his hand.

Johnson laughed. "Don't you fret, Wall Street pussy-boy. You didn't get the chance to shoot your load today, but there's always tomorrow!"

Later that day, Danny and I decided we'd share Wayne. Wayne loved the idea of having two butch studs. But later, he found out he'd have three, because as Wayne, Danny and I found out, with Johnson, there's not only tomorrow, but the next day. And the next. ■

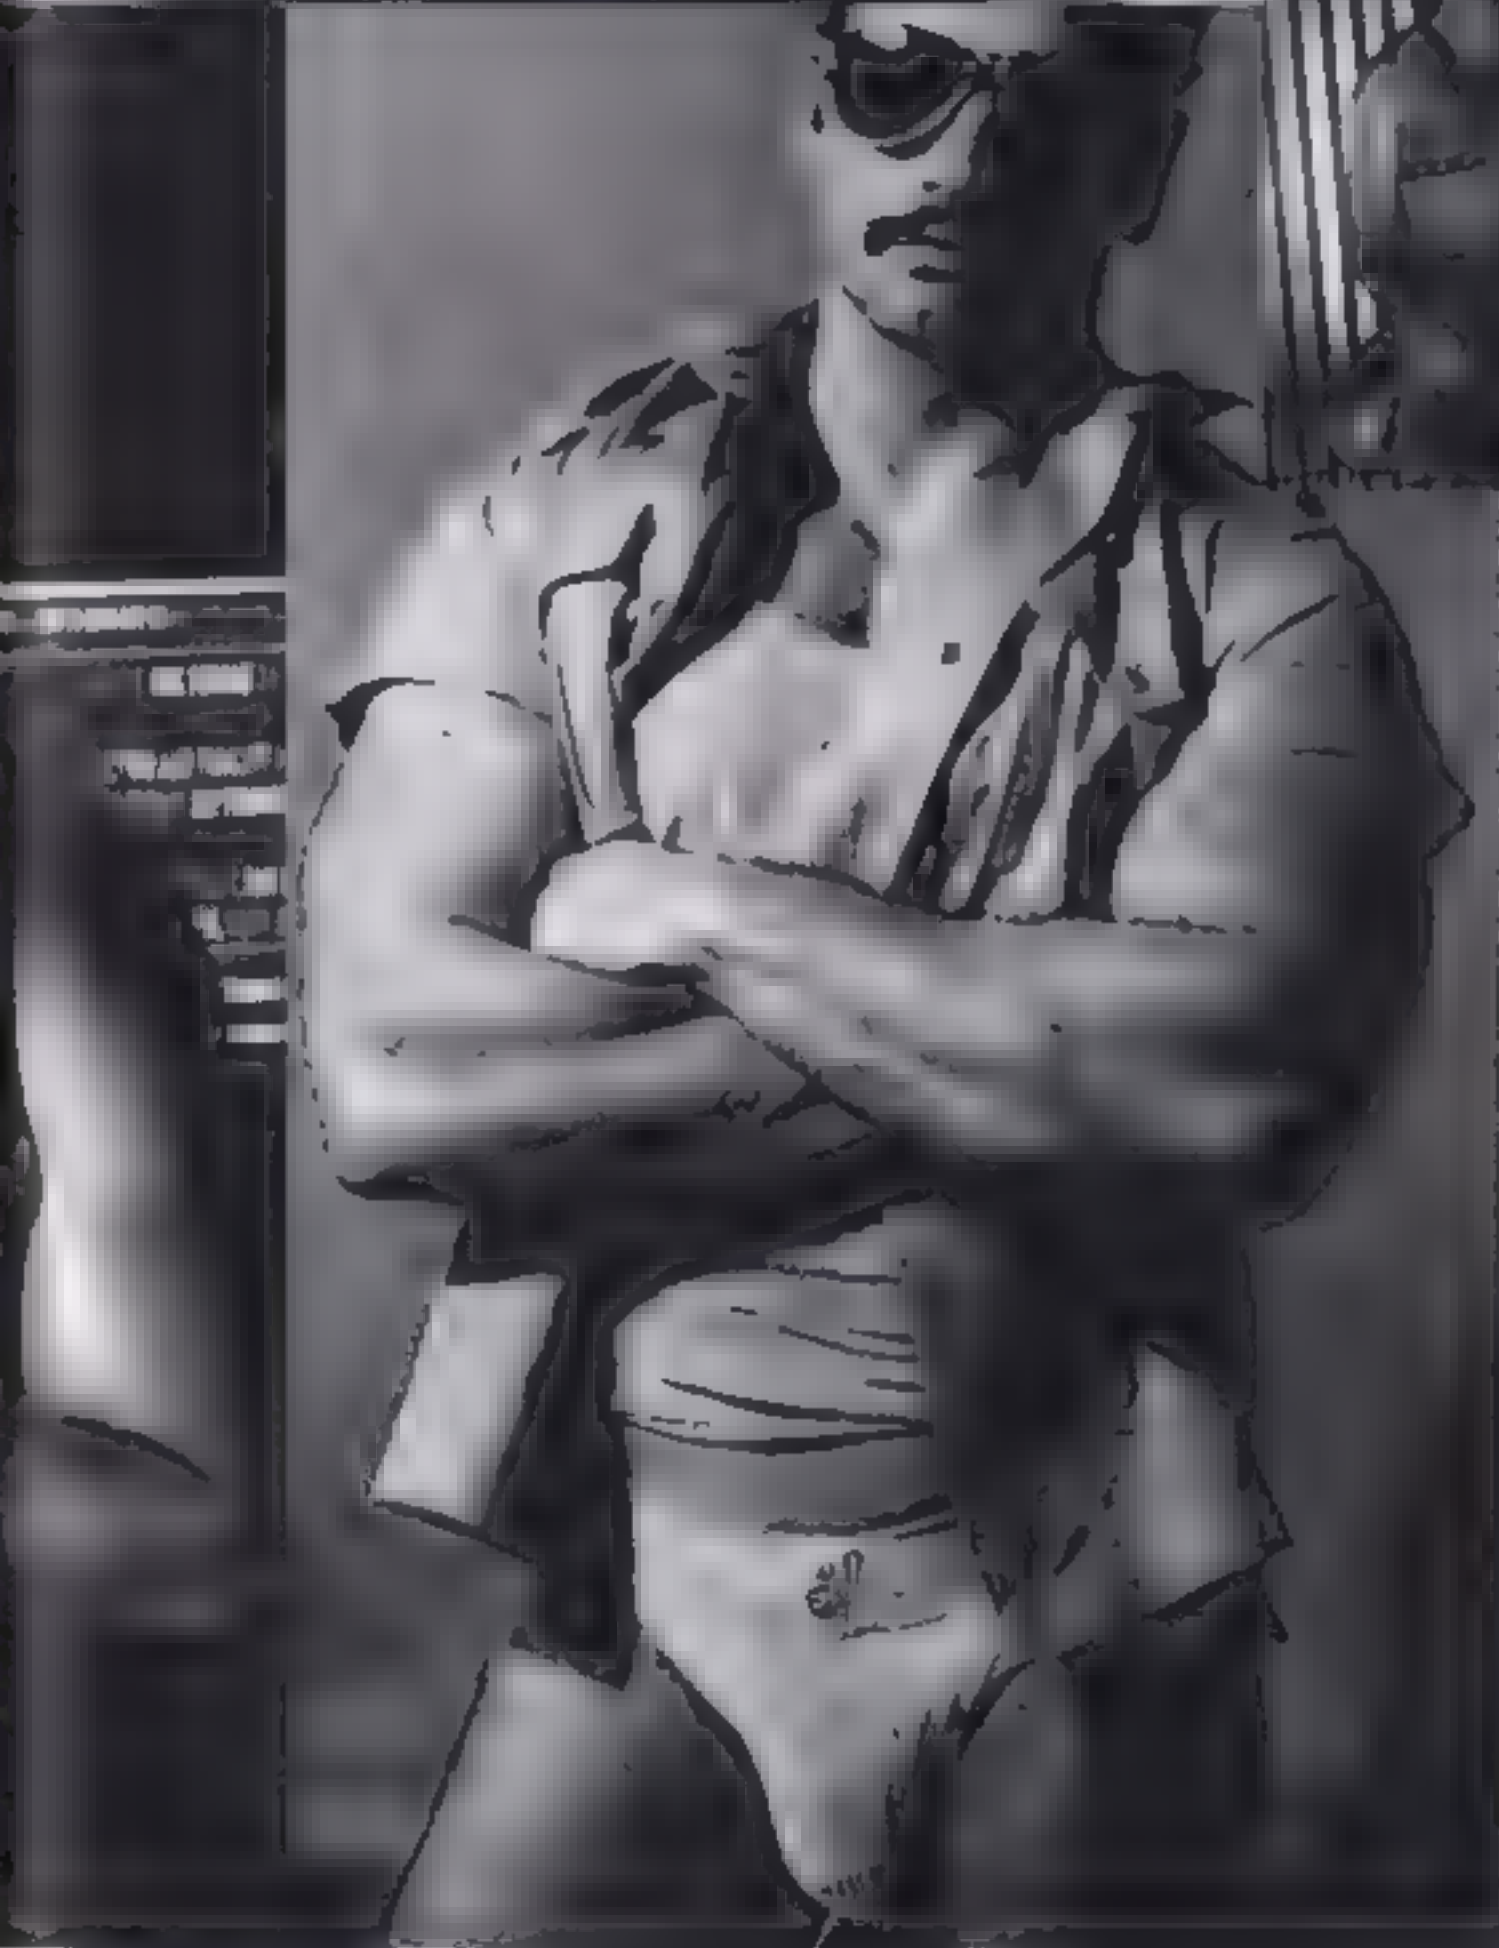

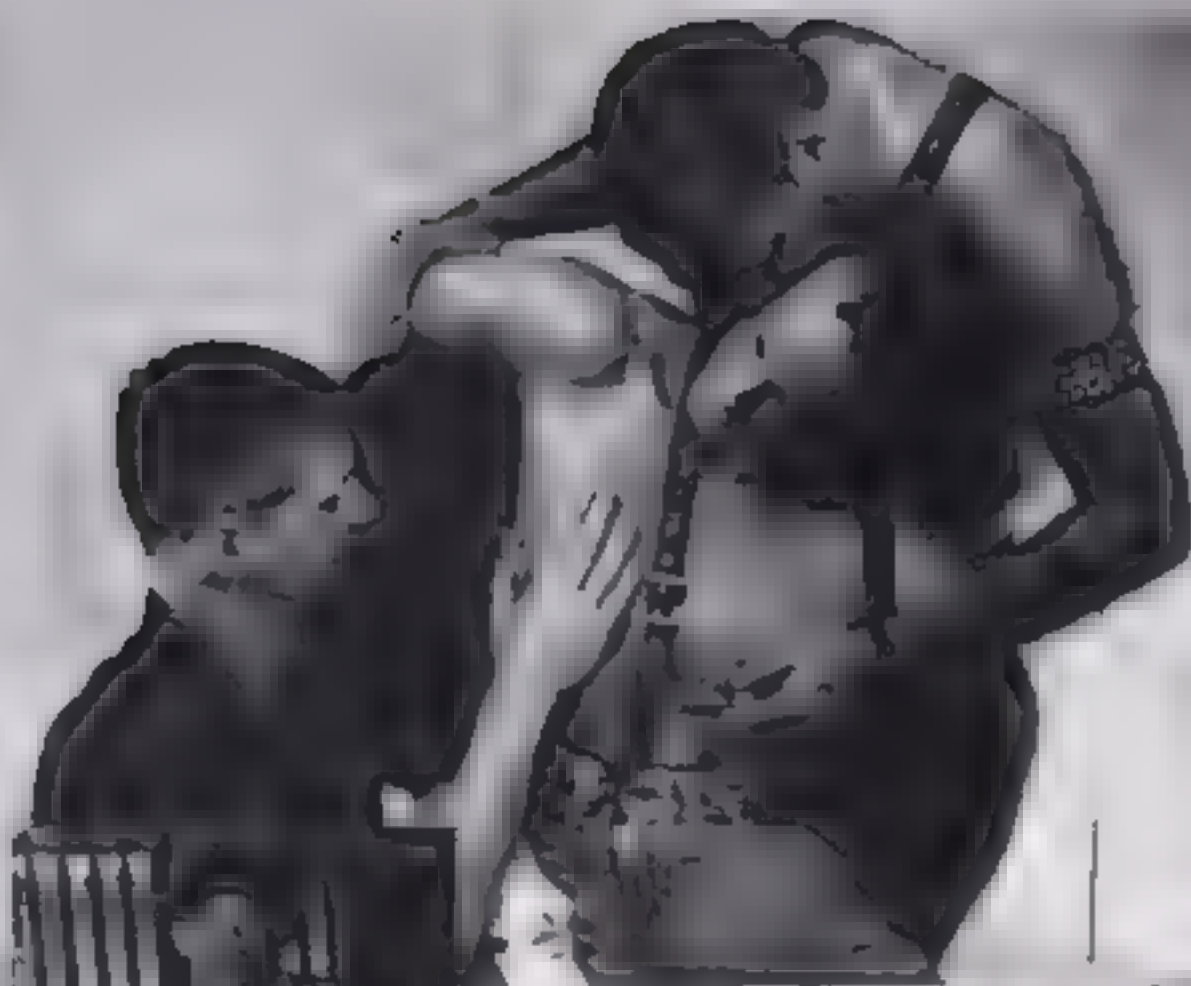

## real men

Forget the slick pretty boys you see in other magazines. Forget the dramatic lighting. Forget glossy color spreads. The men on these pages are not models, at least not professionally. In Drummer parlance they are Tough Customers.

These guys are only a few of the scores whose photos appear in the next issue of Drummer Tough Customers. Dubbed "TC" for short, the publication boasts 70 pages of photo personals of men from the real world. No touch ups, no photo stylists, no air brushes. the Tough Customer photos are presented "as is" offering a unique and primitive eroticism all their own.

## European Court Rules in Favor of Spanner Defendants

**STRASSBOURG** An historic first step victory in the fight for justice was achieved in January in a court case involving three men jailed for consensual SM sex in England. The European Commission of Human Rights in Strassbourg, France, agreed that the three men had a case against the British Government for intruding into their private lives. The Government will now face allegations of violating the human rights of consenting SM-ers.

The three belonged to a group of 16 men who were convicted in December 1990 in the now-historical Spanner case. The court's ruling by presiding Judge Rant declared that the act of consensual SM sex in England was illegal. The case's origins date back to 1987 when British police received an anonymous videotape through the mail that showed a number of men

participating in SM. The police became convinced that they had been sent a copy of a so-called 'snuff' film.

English police and Scotland Yard launched a massive investigation aimed first at identifying and then contacting the men in the video. After spending a few million pounds and interviewing countless informants, the police discovered that none of the men in the film had been murdered (or had even suffered injuries that required medical attention) and that all were well-respected professional men.

English prosecutors, however, decided to bring charges against the men involved in the video for having committed criminal assault. In December 1990, 16 of the men were convicted. Under English law, consent is not a defense against assault charges when the

Spanner protesters at the 1994 Pride march in Holland.

injuries involved are more than 'trifling' or transient. Three of the Spanner defendants appealed their convictions to the European Court of Human Rights, after the House of Lords in England upheld the original judgement.

The ruling by the European Commission means that the British government has a case to answer and the Spanner Three's appeal will probably be heard by the European Court next summer, though it could take years before a final ruling is set. An eventual decision in favour of the Spanner Three would not be wholly binding on the UK, but the Government is thought unlikely to defy the Court in this case. In addition, the English community hopes for a change in the SM laws at the same time. Derek Cohen of SM Gays remarked on the ruling: "It is a landmark recognition of SM sexuality."

People should not underestimate that the European Commission has acknowledged that people's private sexuality is a matter of human rights." Roland Jaggard, one of the Spanner Three, commented: "It is a great relief that after seven

years, something is going our way. We want three things: the law clarified because it's a mess; the conviction quashed, and compensation based on loss of earnings, imprisonment, hurt, and distress." Angus Hamilton, a gay solicitor who defended some of the Spanner defendants said that he is "pleased that the Commission has upheld the argument that the government has breached their right to a private life". He also expressed disappointment in the wake of this historic decision at the rejection of the Liberty Five case, a similar suit put together by the civil rights group Liberty, consisting of gay and straight SM-ers, that was not accepted by the Commission.

## California Exonerates Bookstore Patrons

**MOUNTAIN VIEW** On January 30th, the California Court of Appeals ruled prejudicial enforcement against gays to be a violation of equal protection laws. In the case of *Baluyut v. Santa Clara*, the court held that singling out gay men for investigation for allegedly inappropriate conduct in the neighborhood of a bookstore which

sold sexually explicit material violated the equal protection laws. This case focussed on situations in which the original citizens complaint was against the conduct of customers in general, and not specifically that of gay men. The court noted that while the investigation focused solely on gay men, the material sold at the bookstore was 80% heterosexual in nature. While the events named in the decision took place in Mountain View, California in 1990, the decision has a direct bearing on similar charges of prejudicial enforcement of the law against gay businesses and individuals in San Francisco during the last holiday season.

## **Leather Man Jailed for Anti-semitism**

**MUNICH** The Hollywood Reporter and Out in the Streets have reported that Ewald Althans, the leather man who was a regular at European SM scenes, has been jailed for 18-months without parole for "denying the Holocaust." He was sentenced by a court in Munich. Althans was subject the of a Winfried Bonengel documentary "Beruf Neo Nazi" ("Profession: Neo Nazi"). This highly controversial documentary had been banned in several states in Germany, but it is expected that it's ban will be lifted and that the film will soon be re-released. The anti-Semitic and unconstitutional statements Althans made in the film are no longer needed as evidence in his trial. Since all

the commotion started in November 1993, Althans hasn't been seen in European leather bars, in fact he has been banned from most of them.

## **BBS Operators Jailed During Appeal of Case**

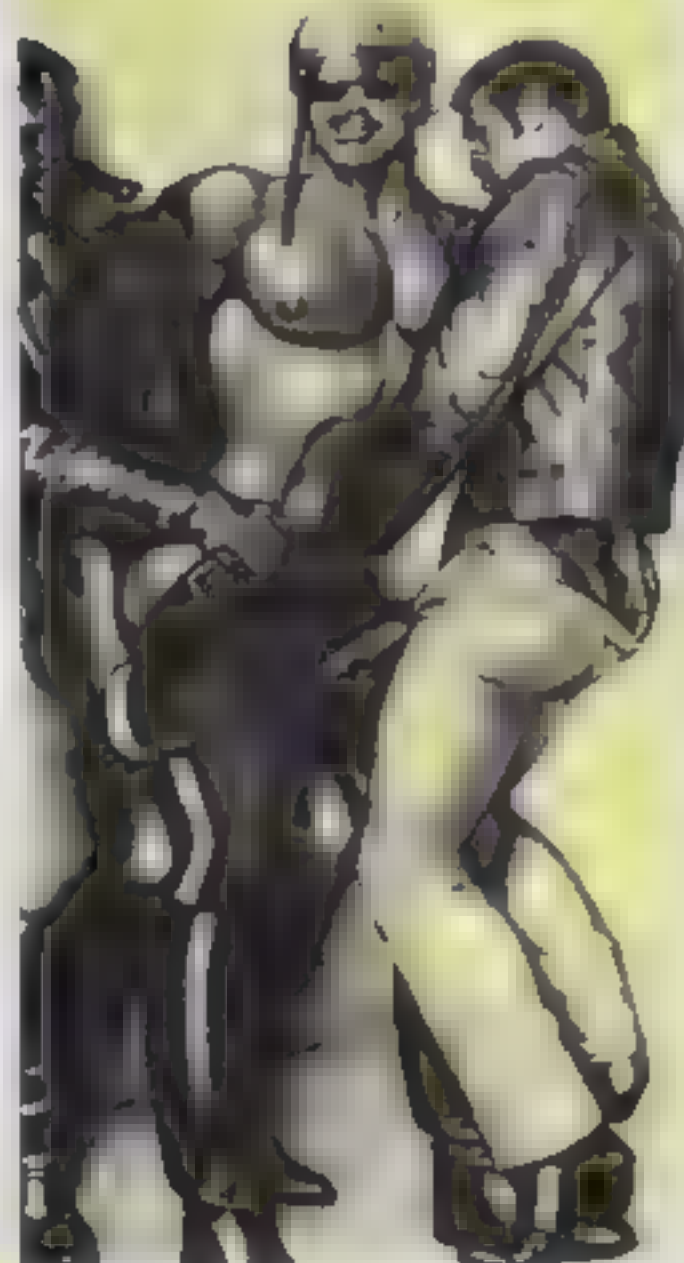

**MEMPHIS** Computer bulletin board operators Robert and Carleen Thomas of Milpitas, CA have been sentenced to 37 and 30 months respectively for allowing their subscribers to download erotic images. The Thomases were tried in the more conservative venue of Memphis Tennessee rather than the San Francisco Bay Area town of Milpitas, California. This case sets a precedent for censorship based on the site of image reception rather than image transmission. The Thomases have been denied release and as such are forced to remain in prison during the lengthy appeal process.

## **TB Warning in Holland**

**AMSTERDAM** Amsterdam Public Health authorities have recently ended an examination on the spread of tuberculosis in Holland's capital city. Since September 1993 four visitors of the city's nine leather bars and clubs have been found to have a contagious form of lung tuberculosis. All nine bars and clubs have frequently visited darkrooms. Other places in Amsterdam, with darkrooms, were not mentioned in a leaflet the health authorities spread around the leather scene. This leaflet wanted visitors to the leather scene (since July 1993) to see a doctor or

## **Erotic Art Contest**

The Tom of Finland Foundation is sponsoring a contest to promote the work of emerging erotic artists. Deadline for entries is October 31, 1995. The contest is open to all non-professional artists. The entrance fee is \$10; free to those with disabilities, retired or on a fixed income with proof of same. Interested parties can write for an entry form, rules and prize information to the following address: Tom of Finland Foundation, Art Contest, P.O. Box 26658, Los Angeles CA 90026.

the GG & GD for a test. Now that the examination has ended, the result was that over 700 men have visited the GG & GD. As reported by in December 1994 Amsterdam's gay paper Trash in The Streets 20 new cases of tuberculosis carriers have been identified.

Many leather men in Europe (and far outside) were frightened by the Public Health Authority's leaflet. It didn't explain a lot and left the community with fear and insecurity.

## **Cock Ring Spells Trouble**

**LONDON** The British Medical Journal recently reported on an unusual and alarming case. Evidently, a man placed a cock ring at the base of his dick and then wasn't able to remove it. His cock became swollen until the blood supply was cut

off. The guy found the courage to seek help only when the skin turned black. It took surgeons one-and-a-half hours and three hack-saw blades to remove the ring at a hospital. The Boots club in Antwerp published the following warning, "Make sure that the fit of cock rings is not too tight or you could end up in the pages of a medical journal!"

## Leather+ Set for May in Germany

**COLOGNE** Each year the MS Panther leather club of Cologne, Germany, in association with downtown leather bars and the AIDS Helpline stages Leather+. This year the event will take place May 19th through the 21st and includes an SM workshop, discussions, SM live and other activities. During the last meeting and party the leather bars were packed, and several Masters got new ideas to use for their slaves.

## Mr. Leather Europe 1995 Contest in Holland

**AMSTERDAM** The Motorsport Club of Amsterdam will host their Annual General Meeting on November 3-6, 1995. For the first time, an organized Mister Leather Europe contest will be held on Friday evening November 3rd. Contestants are requested to ask for an application form at MLE 95, Postbus 18, 1000 AA Amsterdam. Contestants must be in Amsterdam on Thursday afternoon November 2nd for their first introduction to the judges. On Friday November 3rd, all contestants will appear on stage for the audience. Through a total of three rounds, the judges will decide which man will go to the IML'96 contest in Chicago.

## German Hole Gets Heavy

**HANNOVER** For the first time in years, the Nether Saxian city of Hannover, Germany,

has finally opened a new leather bar called The Hole. According to the German gay newspaper, DownTown, only those patrons wearing a strict dress code consisting of leather or jeans will be admitted into the bar. The interior of the bar will be painted black with green camouflage nets, a heavy motor-bike in the middle of the bar will provide additional ambiance, and in the darkroom, a sling will be available. Opening hours are: Wednesday, Friday, Saturday from 9 p.m. till late. The Hole, Franckestraße 5, Hannover, Germany (near underground stop Bahnhof Wederstraße).

## Antwerp Goes Western

**ANTWERP** Boots, Antwerp's leather club, has added three new theme nights to their regular schedule. At "Construction Nights", the drinks are half-price and there are reward drink prices for the best dressed construction workers. The Gay West will come to life in the Boots Saloon at the "Western Party". Dress up as your favorite cowboy and you might win one of the rewards or the free raffle. The Boots, Van Aerdtsstraat 22, B-2060 Antwerpen, Belgium. Tel. +30 3 233 21 36.

## Backstreet Turns 10

**LONDON** One of the most popular leather bars in Europe turns 10 this April. In Great Britain, where these kind of venues always have to fight with police, authorities and more, ten years is really something to celebrate. John Edwards, the owner of

A Belgian cowboy in Antwerp at the Boots Club theme party.

the bar, promises a real birthday celebration party. During our recent visit to Backstreet we were once again pleased to see the special mixture which always seems to be at home in this leather bar. We found the "old guard" here mixed together with the young and inexperienced. You can reach Backstreet through the London underground system. If you get into the late-night-specials, you will need to use the Night Bus to get back again. It's worth the extra trip. Backstreet located at Wenthworth Mews, London - is open Thursday thru Saturday 10 pm - 3 am, Sundays 9 pm - 1 am. Entrance fee stg. 2. Use District or Central Lines. Mile End Exit. Return by bus N 78, N 98. The cab ride is long and expensive.

## German Construction Workers In Belgium

**ANTWERP** German men into construction workers may have to look for a new club to call home. Previously,

some meetings have taken place at Boots in Antwerp, Belgium, where men into mud, rubber boots, hardhats and construction workers met. Danny, the club owner informed us that he is thinking about changing these theme-parties because not enough men attend in appropriate gear. Nevertheless, a mud party is planned at Boots this year. There will certainly be an opportunity to wrestle with your favorite construction worker then. Location: Boots, van Aerdtsstraat 22, Antwerp.

## Which Door in Hamburg?

**HAMBURG** The decision must be made at the door. This time it is not a hunky doorman in your way. The two doors of GLSM Hamburg, Germany can mean heaven or hell. The translation, "Sadomasochismus - Masochismus" is simple enough. The "S" enters through the right door, the "M" must go through the left door. On the SM-strict evenings of GLSM in Hamburg, only men into real SM are admitted. Should you choose to use the left door, you will be stripped, caged or handcuffed. No slaves are admitted otherwise. Each weekend a lot of men in leather, uniform, jeans or nothing at all meet here. The themes of the parties vary. Sometimes you can meet your favorite rubber man (June 3), other times it is a party for Daddies and Sons (May 24). This club has no general admission fee. It's worth a visit. If you are attending an "SM strict" party, make up your mind in advance and make sure that you do not

miss the right (right?) door. The next SM strict parties are April 8 and June 17. Location: GLSM, Eichholz 56, 20459 Hamburg - use the underground station Landungsbrücken. Special parties every Wednesday, Saturday and Sunday.

## French Rubber

Finally there is a club for all rubber friends in France. The Mecs in Caoutchouc (MEC) - Men in Rubber meet regularly in various bars close to Paris. The next parties will be held in Paris (Lille and Lyon, and Pascal. Further details in French, as well as the new club paper Plan K is available. A summary in English is also being prepared. For more info: MEC, Box 19 TT, F-77191 Dammarie les lys Cedex, France.

## Mr. Chubby 1994 is Chosen in Belgium

**BRUSSELS** In October 1994, European bears as well as American and Japanese big men, convened in Brussels for the Annual General Meeting of the European Big Men's Convention. Surprisingly, it was an Amsterdam resident, Jacques Zonne, who won the convention title Mr. Chubby. Performing his on-stage act in a real bear costume won him the award. Zonne told International Drummer that he actually wasn't in the city for the contest. "But when I saw this bear-suit in a Brussels party shop, Zonne remarked, "I decided to go for it. Why not? I thought I'd show them some real humor." Zonne decided that in 1995 he

wanted to make more people aware of big men. "I would like to become a model for big men who feel too fat and have difficulties coming out because they are gay and fat," Zonne stated. The next AGM will be held in Hamburg, Germany.

## OBITUARY

### Peter Shaun Morrison

(March 24, 1951-Sept. 9, 1994) A Drummer obituary for Peter Morrison seems in order considering his connection to this magazine and the community it serves. Peter Morrison/Joe Falco was a good-looking six-foot-two Irish Italian. He was forthright, engaging, immediately likeable and buffed. Depending on the phase of his life cycle he was either skinny or chunky. To have known him and not fallen in love at least once, one friend used to say, could have cost you your gay card. This issue, the Enforcement issue, seems particularly appropriate as cops, cop scenes and more cops were truly Peter's heart fantasy. It was a fantasy, one never totally

Mr. Chubby 1994 in Brussels.

fulfilled, he said, and maybe just as well. For Peter, as for many of us, there was a not-insignificant drug history involved, one which led down a number of dark places. He died a recovering person, he would want you to know, and did so despite the morphine that helped him over and despite the rather independent path that got him there.

He loved gorillas as a totem, perhaps, and talked intimately of being scared facing AIDS, pain and unfulfilled dreams. He loved his house in San Francisco.

"The best place I've ever lived," he said. He chose his home knowing that he would probably leave it "feet first," as he put it and that indeed is how it happened. But, still, it was the best ever and he died as he chose. In the bed he shared with his friend Ken and perhaps, as his friend Durk suggested, he has found in the friendship and partnership which had eluded him so long. It would be nice to think so for he was a gift - pain accompanying - to many of us.

From the towns of Lille to Lyon, rubber parties are now part of the gay fetish scene in and around Paris.

WHY ARE UNIFORMS SO SEXY?

BY ANDY MANGELS

Adam-12 2. CHiPs. Cops. Real Stories of the Highway Patrol. Andre Fiset's posters and Gang Of Four's hit "I Love A Man In A Uniform." Boots. Handcuffs. Leather jackets. Tight gloves. Tom of Finland Nightsticks. Interrogations. Guns. What is it about law enforcement uniforms that makes our collective dicks get hard? Why is it that we get whiplash when a cop car or motorcycle pulls up alongside, not from worry about a ticket but to see if he's cute? Despite harassment, raids, beatings, and arrests of gay men and dykes, when did it become okay to fantasize about police?

It's hard to track down how and why I've become a uniform fetishist and collector. When I was five, my ex-West Point MP father was a policeman. I have vague memories of looking up at him in uniform, his gunbelt above my head. He also collected and restored Harley Davidsons, seeing bikers in leather and boots became second nature to me.

When people ask where I got my fascination and fantasy about uniforms, I jokingly tell them to blame it on CHiPs and the Village People. At the magical age when puberty set in, the TV show CHiPs premiered. It was full of exciting policemen in tight breeches and boots, and featured two good looking men who seemed to share their lives with each other. About the same period, the Village People were coming into vogue. Here were men in uniforms and leather who were exposing themselves in a sexual manner. They sang about hot cops, men in the Navy and how to have fun at the YMCA. Even before they were open about their sexuality (though it could be argued they were never closeted), this Montana farm boy knew they were gay. I fantasized

about them, about Ponch and Jon, about Lyle Waggoner in his WW II Air Force gear on Wonder Woman.

A decade later, I entered a Portland leather man contest. I took a back issue of Drummer into my local uniform shop and told them that I wanted to look like this guy on stage at a Drummer or IML contest. They helped me create and design a Gotham City Police Department uniform, with nods towards my career (I write comics books).

As of 1995, I now have a dozen police uniforms, plus many other kinds of uniforms. I've upgraded my equipment, and now have a working radio, a cold black PR24 nightstick, and a gun. I recently bought my own black and white police squad car, and am restoring it as much as is legally allowed.

For me, uniforms represent two very simple things: power and respect. Two words we use a lot in this community. A cop represents a solid peace keeper, but also someone who can lock you up, and completely take away your power. They are the epitome of masculinity, tough and hardened by a cruel street.

When I wear a uniform, it brings with it a pre-set fantasy role. Generally, I'm a firm and friendly cop whose nasty and sadistic Top side comes out once out of the public eye. When I'm in leather, I can be many things and many fantasies, from real to surreal. When I'm in uniform, however, my clothes and accoutrements bring with them set fantasies and scenarios.

The power exchange of sexual interaction is heightened by uniforms. One of the hottest scenes I ever had was when I went out in full uniform and ran into a cop who I'd played with a few times. He was out of uniform. When we went home, it was with the knowledge that no matter how I was dressed, he was the real cop. He ordered me to strip off parts of my uniform and used my own nightstick on me while he pointed my gun at my head and forced me to suck his hard cop dick. I felt feelings and emotions I've never had before. Terror and sexuality merged completely.

I have arranged "arrest" scenes for dyke friends, fucked a handcuffed "prisoner" in a train box car, and had my dick sucked, and sucked my passenger's, in my police car. I've been cuffed by a Sheriff's Deputy who tried to make me lick his boots and got my head smashed up into his nuts instead.

Uniform fetishism has largely been in the public domain of gay men, although lesbians have discovered more and more that women in uniform are hot too. At Stonewall 25's leather celebration, I chaired a panel on uniforms. The room was packed. People stood, sat in the aisles, and spilled out from the open door into the hallway. It is indeed an alluring topic for many. Cop scenes revolve around the exchange power, dominance, submission, freedom, and rules. In a uniform fantasy, you explore all of those scenarios, and create your own exciting conclusions.
